Wool Market.

BOSTON, 14. — The demand for wool is mostly for new spring California, the receipts of which have been large, and there is a good assortment offering; fleeces are scarce, and there is but very little inquiry for them. Ohio and Pennsylvania fleeces 36 @ 42 for X and XX, and lots in a poor condition at lower prices; Michigan and Wisconsin fleeces cannot be quoted over 33 @ 35 for lots in good condition, but the stock is quite small, and very little has been done; combing dull; neglected, 45 @ 48 for washed, 35 @ 36 for unwashed; in California, spring sales have been at 20 @ 25 for fair, and good average lots up to 26 @ 28; for choice pulled, a dull market, well supplied sales at 27 @ 40; for super and X as to quality.

Graduated Cadets—Good Advice.

WEST POINT, 14.—Of the forty-eight cadets who graduated to day only two failed.

Sherman spoke to the graduating class, concluding as follows: I give you a hearty welcome to the army. Don't be afraid, you are all, every one of you, as good as Grant when he stood here a few years ago. You have it in your powers to follow in his footsteps, and perhaps earn the high distinction he has won. This is not to be done, however, by gambling and dalnking, or sleeping in the back room of a sutler's store. When you fight, fight well and win, and forget your fight as much as you can and now go home and see your friends; mingle with the ladies, they are more attractive than bar rooms and billiard rooms.

Shooting, Jealousy the Cause.

NEW YORK, 14.—Nicholas Downing, of Green Point, shot his wife in the head and himself near the heart, at last accounts both were in a dying condition. Jealousy was the cause.

Little Rock Democratic Convention.

LITTLE ROCK, Ark., 14.—The democratic State convention met at 12 o'clock; James H. Berry was made permanent chairman. On the third ballot W. R. Miller received a large majority fot governor.

Democratic Convention.

RALEIGH, N. C., 14.—The Democratic Convention nominated Z. B. Vance for governor, with a full State ticket.

WESTERN.

Surplus Wheat For Shipment.

SAN FRANCISCO, 14.—A prominent grain operator gives the surplus wheat for shipment this season at three quarters of a million short tons, exceeding by two hundred thousand tons the crop of 1872. The yield is unusually heavy in all parts of the State, and in quality the best ever harvested in the State. He gives the price for July delivery alongside the ship, ninety-six cents per bushel, and anticipates no difficulty in procuring labor for harvesting or transportation from the interior, unless the bulk of the crop is held until late in the season, which would probably overtax the railroad facilities. The tonnage here and known to be on the way is four hundred and fifty thousand tons carrying capacity, and enough is expected between now and December to take all offered. The surplus barley is estimated at seventy-five thousand tons, at fifty cents alongside the ship.

FOREIGN.

BELGIUM.

Agitation Still Prevails.

BRUSSELS, 14. — Great agitation still prevails, but there has been less disturbance to-day than yesterday. Bands of rioters continue to hoot and hiss in front of the catholic institutions.

WEST INDIES.

Large Failures.

HAVANA, 14. — Beluude & Co., importers and dealers in this city, failed to-day; liabilities $500,000, in this island.

GREAT BRITAIN.

Liquor Bill Repealed.

LONDON, 14.—In the House of Commons this afternoon, Sir Wilfred Lawson's permissive liquor bill was repealed by a vote of 299 to 81. A similar bill presented by Lawson last year was defeated by 371 to 86.

A Fearful Bump.

They had a lecture on phrenology in Norristown a short time ago from a travelling professor of that science, and part of it was quite entertaining. He had on the stand several plaster heads mapped out in town lots, and after he explained what they meant he invited persons in the audience to come up and let him feel their bumps and explain their characters. Several times he hit it pretty accurately, and excited a considerable amount of applause; but after a while old D. stepped up for examination. He is an absent-minded man, and he wears a wig. While dressing himself, before coming to the lecture, he had placed his wig on the bureau, and accidentally tossed his plug of tobacco into it. When he put the wig on it was just like him not to notice the plug, and so when he mounted the platform he had a lump just over his bump of combativeness as big as half a hen's egg. The professor fingered about awhile over D.'s head, and then said:

"We have here a somewhat remarkable skull. The perceptive faculties strongly developed, reflective faculties quite good, ideality large, reverence so great as to be unusual, and benevolence very prominent. Secretiveness is small, and the subject, therefore, is a man of candor and frankness; he communicates what he knows freely. We have also," said the professor, still plowing his fingers through D.'s hair, "acquisitiveness not large; the subject is not a grasping, avaricious man, he gives liberally, he——he——he——. Why, it can't be? Yes. Why, what in the ——? Munificent Moses! that's the most awful development of combativeness I ever heard of! Are you a prize-fighter, eh?"

"Prize fighter!" exclaimed D. "Why, what do you mean?"

"Never been a soldier, or a pirate, or anything like that?"

"You certainly must be crazy."

"Ain't you fond of going into scrimmages and rows, and harming people?"

"Certainly not."

"Well, sir, then your untrue to your nature. The way your head's built qualifies you, I should say, in a special manner, as a knocker-down and dragger-out. If you want to fulfill your mission, you will devote the remainder of your life to battering-up your fellowman and keeping yourself in one interminable and eternal muss. You've got the awfullest fighting bump that ever decorated a human skull. It's phenomenal. What'll you take for your head when you die? Gentlemen, this man is liable at any moment to commence raging around this community like a wild-cat, banging you with a club or anything that comes handy. It isn't safe for him to be at large."

the bump, and he noticed the tobacco. He pulled off his wig, and there was the plug, just sticking behind his left ear. Then the Professor, looking at it a moment in confusion, said:

"Ladies and gentlemen, we will now—the lecture is—that is, I have no more—. Boy, turn out those lights!"

Then the audience laughed, and D. put on his wig, and the Professor started to catch the late train.

The science of phrenology is not as popular in Norristown as it was, and D. still remains peaceable.—*Philadelphia Bulletin.*

Rocky Mountain Pills

A VALUABLE MEDICINE,

From New and Rare Medicinal Plants recently discovered in the Rocky Mountains!

PURELY VEGETABLE.

FIFTEEN years of earnest botanical research among these mountains and valleys have resulted in the discovery, not only of many new varieties of plants, but of new species, some of which have wonderful medicinal curative properties. By continued experiment their virtues have become known—and thus from extracts of these newly discovered plants are these pills compounded.

It properly used, they will cure very many diseases, pains and aches, and are more especially valuable in DYSPEPSIA, LIVER COMPLAINTS, INDIGESTION, JAUNDICE, and all cases of FEVERS, COLDS, URINARY AND KIDNEY DISEASES, RHEUMATISM, COSTIVENESS, HEARTBURN, DIARRHŒA, MUMPS, MEASLES, for PURIFYING THE BLOOD, and for many other diseases, and all cases of BILIOUSNESS and DISORDERED STOMACH.

On orders accompanied by the cash or postal order, I will send safely by mail, postpaid, 1 box Pills for 25 cents; 1 dozen boxes, $2.50; 1 gross boxes, $24.00.
