**WOMAN'S GENTLE NATURE CALLS FOR GENTLE TREATMENT.**

Delicately formed and gently reared, women will find, in all the seasons of their lives, as maidens, wives, or mothers, that the one simple, wholesome remedy which acts gently and pleasantly and naturally, and which may be used with truly beneficial effects, under any conditions, when the system needs a laxative, is—Syrup of Figs. It is well known to be a simple combination of the laxative and carminative principles of plants with pleasant, aromatic liquids, which are agreeable and refreshing to the taste and acceptable to the system when its gentle cleansing is desired.

Many of the ills from which women suffer are of a transient nature and do not come from any organic trouble and it is pleasant to know that they yield so promptly to the beneficial effects of Syrup of Figs, but when anything more than a laxative is needed it is best to consult the family physician and to avoid the old-time cathartics and locally advertised nostrums of the present day. When one needs only to remove the strain, the torpor, the congestion, or similar ills, which attend upon a constipated condition of the system, use the true and gentle remedy—Syrup of Figs—and enjoy freedom from the depression, the aches and pains, colds and headaches, which are due to inactivity of the bowels.

Only those who buy the genuine Syrup of Figs can hope to get its beneficial effects and as a guarantee of the excellence of the remedy the full name of the company—California Fig Syrup Co.—is printed on the front of every package and without it any preparation offered as Syrup of Figs is fraudulent and should be declined. To those who know the quality of this excellent laxative, the offer of any substitute, when Syrup of Figs is called for, is always resented by a transfer of patronage to some first-class drug establishment, where they do not recommend, nor sell false brands, nor imitation remedies. The genuine article may be bought of all reliable druggists everywhere at 50 cents per bottle.

 Considerable talk has been current in Logan the past day or two to the effect that a portion of the tabernacle square property fronting the west would be sold for business property. It was stated that the aim is to realize about \$50,000 and use that sum for the improvement and beautifying of the inside and outside of the tabernacle and the grounds. Many business men stand ready to purchase the property. A number of church officials were interviewed, but said no action whatever had been taken on the question.

Mr. Oia Olson was in town from Millville today, and reports that the people of that town voted to build a new school house in mass meeting last evening. The building will cost \$1,000 and will be located on a lot owned by Mr. Oia Olson. It will be located on a lot owned by Mr. Oia Olson. It will be located on a lot owned by Mr. Oia Olson.

**GOOD BUSINESS OPENING.**  
 And we would like it known that this is a fine opening for an up-to-date business man in the mercantile line. Four thousand dollars a year in money orders pass through our post-office and much more than that amount is spent by our people in Filmore, over \$500 in money orders went out in the month of October last; this was exclusive of registered letters and other ways of sending money. Most of this trade goes to Chicago.

**THE PINKHAM CURES.**  
 ATTRACTING GREAT ATTENTION AMONG THINKING WOMEN.  
 Mrs. Frances Stafford, of 243 E. 14th St., N.Y. City, adds her testimony to the hundreds of thousands on Mrs. Pinkham's files.  
 When Lydia E. Pinkham's Remedies were first introduced skeptics all over the country frowned upon their curative claims, but as year after year has rolled by and the little group of women who had been cured by the new discovery has since grown into a vast army of hundreds of thousands, doubts and skepticisms have been swept away as by a mighty flood, until today the great good that Lydia E. Pinkham's Vegetable Compound and her other medicines are doing among the women of America is attracting the attention of many of our leading scientists, physicians and thinking people.  
 Merit alone could win such fame; wise, therefore, is the woman who for a cure relies upon Lydia E. Pinkham's Vegetable Compound.

**DEATH OF MRS. HOLINDRAKE.**  
 Remarkably Healthy Year Notwithstanding Smallpox.  
 Special Correspondence.  
 American Fork, Utah Co., March 10.—Mrs. Sarah Holindrake, an old and respected citizen, was summoned to her abode March 2. She was born in Bradford, Rhode Island, Sept. 12, 1822; embraced the Gospel in 1850, immediately after coming to Utah. She ultimately located here and reared her family of five, and three daughters. Besides the above, she leaves 25 grandchildren and 38 great-grandchildren. Sister Holindrake was ever a faithful and consistent Latter-day Saint, and a member of the American Fork meeting-house March 5.  
 The past year our people have been very fortunate in escaping serious plagues. While a great many suffered from smallpox, it was in a very mild form. Your correspondent was assured by the city sexton that there had been no deaths from the disease in the past year than in any prior to this. In this particular has in a measure departed, as a considerable number of our dear citizens have been stricken with colds, la grippe, etc., and a number have been and now are seriously sick.  
 The outlook in this section from the farmers' standpoint is very encouraging, as the prospect for water has not been better in years.

 Special Correspondence.  
 Kanosh, Millard Co., March 10.—The funeral of Ammon Rappleye, our honored citizen, who died on the evening of the 3rd by a load of water, was held on the 10th, took place today. Bishop C. F. Christensen presiding. A number of citizens paid feeling tributes to the work and worth of the deceased. The same would have been said by all who had his acquaintance. All the family had arrived home before the interment. A complete funeral service was given on last Wednesday evening, by the members of the Beaver choir, to Elders Alexander Campbell and Thos. Scholten and the choir, who were asked to leave to take up their residence in Davis county. Their departure will make quite an inroad in the membership of the choir, as both the men have been active members of the body while Miss Laura Campbell has been our most conscientious and efficient organist for some time, and another member of the choir has also departed, much to the ability of the choir by her earnest devotion. The party was an entire success and gave the recipients a true understanding of the esteem in which they are held. Success to their venture.

**FAREWELL SOCIAL.**  
 Death of Mrs. Mary Plant—Ten Inches of Snow.  
 Special Correspondence.  
 Beaver City, Beaver Co., March 6.—The blizzard which passed over the country paid us a visit and left about 10 inches of snow in its wake. This coupled with the previous storms, renders a harvest of grain and other crops this year so far is the water question is concerned. Many sheep and range cattle are likely to die, as the feed has been cut off and the water is impounded. Mrs. Mary Plant, an old resident of this city, died a few days ago, and was buried yesterday. She was a daughter of the late George Valentine.  
 A complimentary farewell social was given on last Wednesday evening, by the members of the Beaver choir, to Elders Alexander Campbell and Thos. Scholten and the choir, who were asked to leave to take up their residence in Davis county.
