LOCAL AND OTHER MATTERS.

RAIN.—A delightful shower, on and off for two or three hours on Sunday morning, laid the dust and cooled and freshened the atmosphere to a very pleasurable degree.

CHAS. S. KIMBALL.—Chas. S. Kimball, who was in the employ of Kimball & Wines, started from here driving the stage to Ophir on Saturday. Yesterday, on reaching Stockton on his return trip, he was so overcome by the effects of the heat, as to be unable to continue in his seat further.

Last evening his wife received a dispatch signed by himself, desiring her to come to him by this morning's stage, as he was dangerously sick. She went accordingly.

At eight this morning a dispatch, signed "Tait," was received by his brother, H. P. Kimball, requesting him to "come out immediately," as "Charles" was "dangerously ill." Another came to the same address at 8:15, signed "Tait & Walden," saying, "Come immediately." Mr. Kimball forthwith started, with a fast team, to reach his sick brother.

The following has since been received:
STOCKTON, 11 a.m.—Len Wines: Charles Kimball is dangerously ill, but a little better than last evening. (Signed) Drs. Tait, Stewart, and Walden.

MISSIONARY MEETINGS.—Missionary meetings were held yesterday at the following places:

South Cottonwood.—The morning meeting was addressed by Elders David Candland, on domestic and moral improvements, and W. McMaster, on the Word of Wisdom, and in the afternoon by H. F. Neelson, on the necessity of cultivating spiritual gifts, the decline of nations and the gathering of the poor, and David Candland on the liberal nature of the gospel. Bishop Rollins closed the services by a few remarks.

The brethren visited the Sunday school in the morning, which is in excellent working order, numbers 200 pupils, and is under the superintendence of Elder W. Hoyer and a corps of ten teachers.

The choir of South Cottonwood is very efficient.

Springville.—The assembly in the morning was addressed by Elders Thomas Taylor, on the building up of the Kingdom of God, and J. P. Fritze, on the necessity of being self-sustaining. Bishop J. M. Stewart closing with brief and suitable remarks. Afternoon, J. P. Fritze, on the Word of Wisdom, and J. M. Stewart, on patriarchal marriage, Elders Stocking and Wigg bore testimony, and Thomas Taylor spoke on the gathering of the poor.

Zealand.—Elders M. B. Shipp, on the Word of Wisdom and the first principles of the gospel; and Isaac Groo on resisting temptation.

RICHFIELD, SEVIER Co.—Bro. Joseph Evans writes from Richfield, July 5, but his letter is long in coming, that some of the settlers had gone to help build a fort at Salina, 20 miles distant, others were in the mountains, looking after stock and things, and those who remained in the settlement assembled at the meeting house in the morning of the Fourth. A procession formed under the direction of Marshal E. C. Peterson, marched through the principal streets and returned to the meeting house, where prayer by the chaplain, A. M. Hamilton, was followed by an Oration by Hon. Wm. Morrison, and a speech by the Bishop, "How to take care of stock and ourselves."

A 2 p. m. the people reassembled and indulged in a dance. A dance in the evening concluded the observances of the day, which passed off peacefully.

Provo.—Elder Albert Jones writes from Provo, July 12th:

"Our Court House Building is progressing. The first story is up to the square."

"The farmers are struggling their shoulders at the thoughts of the heavy strain on their muscles in gathering their abundant harvest, nearly all the laboring hands having left for the American Fork Railroad or Pioche."

Last Sunday meeting was well attended. Elder D. John, returned missionary, gave an interesting account of his labors.

MISSIONARY APPOINTMENTS.—The following are appointments for Sunday, July 21st:

Brinton's Ward, Elders Isaac Groo, R. F. Neelson, and G. T. Teasdale.

Zealand House Ward, Elders S. A. Woolley, W. McMaster, and M. B. Shipp.

Fort Herriman, Elders D. Candland, G. G. Bywater, and J. P. Fritze.

These Elders are requested to fill the above appointments.

L. D. Young.

STABBING AFFRAY.—Yesterday afternoon, about four o'clock, B. Gales and Henry Walker, both colored, had a quarrel, and during the altercation Gales stabbed Walker in the abdomen, inflicting a very serious wound. Gales, who this afternoon succeeded in eluding arrest. Walker is confined to bed, but his wound is not considered fatal.

ARRIVED.—U. S. District Attorney Geo. C. Howe arrived in town on Saturday evening.

SEVERE ACCIDENT.—About nine o'clock this morning George Holding, aged about fifty-eight years, and who is employed by Mr. Standish, Second South Street, met with a very severe accident. He was driving a team out of Mr. Standish's yard, when the wagon ran against an obstruction, the concussion throwing him forward, with great force. The wheels of the wagon passed over his neck and face. His left jaw bone was broken, his neck severely injured, being terribly swollen, and the left arm much bruised. This afternoon he was doing as well as could be expected from the nature of his injuries.

MINING DIFFICULTY.—The Wall-Johnson mining case, which was mentioned in Saturday's News as being before Justice Clinton that day, was decided by the latter the same afternoon. It was proved that the property in dispute belonged to Col. E. A. Wall, being on the Hiawatha and Last Chance claims, and J. Johnson was fined \$100. J. C. Montgomery \$50 and J. C. Brander \$25 for breaking in the door of the shaft and taking forcible possession thereof. Notice was given of an appeal to the Probate Court.

HON. SHERMAN O. HOUGHTON, Member of Congress from California, arrived in the city last evening from Washington, en route to his home at San Jose. He is in excellent health and is enjoying his visit. Being an old Californian, having served there during the Mexican war, he can appreciate the development of Utah, as men who have lived in the East cannot always do. Hon. Houghton was Mayor of San Francisco in 1855-6. He leaves for home this afternoon.

IN TOWN.—Mr. Justice Field, of the U. S. Supreme Court, is in town, having arrived here last evening from Washington City. The Judge's kindly face beams with intellect and good humor, and he impresses those who see him as the learned and scholarly jurist. Business impels him to leave by this afternoon's train for California.

GOT ONE OF THEM.—Deputy Territorial Marshal B. Groo arrived from Lewiston Camp Floyd, last night, where he had gone to serve a warrant upon an armed gang of men who had taken forcible possession of the Silver Circle mine, in that District. Mr. Groo went alone to the place where the delinquents were intrapped. He found them in a kind of covey they had built, which

had convenient loop-holes in it. When he got within ten rods of the fort the guns of the occupants were pointed at him, and he was ordered to halt. But afterwards he got within about twenty feet of the place. They threatened what they would do if he came nearer and refused to allow him to take the warrant out of his pocket, stating that if he attempted to do so they would shoot him. This being the state of affairs he was compelled to return to Lewiston. One of the party, named Harrington, followed there shortly afterwards to reconnoitre, and was met and recognized by Mr. Groo, who promptly arrested him, brought him to town and placed him in the County prison.

After Mr. Groo had been up to the fort endeavored to raise a posse in Lewiston to enable him to return and make the arrests, but was unable to do so.

EASTERN DISPATCHES.

NEW YORK, 15.—The Stokes jury did not retire till this morning. One juror said that they stated that nine were for murder, one for manslaughter and two for acquittal. Another that eight were for acquittal, two for manslaughter, and two for murder in the first degree. No hopes of agreement.

The Herald has letters from Stanley giving the history of the meeting with Dr. Livingstone and the latter's account of his explorations. He says the Chumbezi is the head waters of the Nile. The stories the Doctor tells of the two countries through which the great river runs, read like a fable. He tells of ivory being so cheap and plentiful as to be used for door posts, of skillful manufactures of fine grass cloth rivaling that of India, of people nearly white and extremely handsome, who he supposes to be descendants of the ancient Egyptians, of copper mines at Katanga which have been worked for ages and of docile and friendly people.

Livingstone and Stanley explored the head of Lake Tanganyika and returned to Ujiji, where they spent the Christmas of 1871. Stanley says he found Livingstone in a very feeble condition, robbed and deserted by his men. He looks to be only about fifty, quite hale and hearty. In March, 1872, he began to organize an expedition to explore a few doubtful points, which he thinks will take about eighteen months, when he will return to England.

Gratz Brown, though able to be out, is not yet fully recovered.

The National Liberal Republican executive committee have elected Gen. Burbridge of Kentucky, Geo. W. Anderson of Missouri, and Jas. M. Scofield of New Jersey, committee of finance.

The jury in the Stokes case unable to agree. Stokes sent back to the Tomb. A motion was to be made today to have him bailed.

At the calaboose fell dead of heart disease.

A Democratic ratification meeting, the largest ever seen in Nevada, was held at Eureka on Saturday night.
