Old Bromide Property in Henry Mountains Being Equipped.

tains Being Equipped. Dr. W. H. Schock 'drove into fown the first of the week from Loa, says the Sevier Valley Sun. He and Albert Stevens had just returned from a trp to the Henry Mountains on a sight-seeing jaunt. Considerable mining is being done in the Henries and a dozon or more men are working in a small way on a number of properties. Placer mining seems to be the most, popular system and the men earn good wages in washing the gold from the sands. The old Bromide property which, a few in washing the gold from the saids. The old Bromide property which, a few years' ago, gave promise of becoming a bonanza, is under a bond and lease to some practical mining men who are going to put it to a thorough test. A 40-ton mill is being erected and will be operated within a few weeks. The doc-tor says that the mountains are still filled with snow and it is almost im-possible to travel over the rude trails. There are extensive beds of coal in that part of the country and one of these days they will become valuable assets. The trip was without particular incident and was in the shape of an outing for the two gentlemen.

TINTIC EXCURSION A SUCCESS. TINTIC EXCURSION A SUCCESS. Although Kenneth C. Kerr, district passenger agent of the Salt Lake Route, tried an excursion to Eureka Sunday as an experiment, it was a success. More than 300 people availed themselves of the opportunity of going to the famous mining camp. A number of local mining men went with the crowd, Many of the people took ad-vantage of the opportunity of visiting the mines of the district.

Prove Untrue-Calls on the

President.

"Uncle" Jessel Enight, accompan-

ied by his son-in-law, R. E. Allen,

returned on Sunday evening from a

actions for the week in stocks were small and thinly distributed/through the list. The northwestern transcontinental stocks, including the Hill roads and St. UNCLE JESSE RETURNS Rumors of the Sale of His Properties

returned on Sunday evening from a flying trip to New York and Washing-ton. It was the first time in his life that Mr. Knight had been east of Nauvoo, and while his trip was very short, it was filled with very pleasur-able experiences. He left Salt Lake and Saturday the 12th, spont one day and one night in New York, one day in Washington and a half day in Chi-cago, taking in the big attractions in company with Mr. Allen. Mr. Knight reports having had a specially enjoyable time in Wash-ington, where he was introduced to Prerident Taft by Congressman How-ell. He also met Senators Smoot and Sutherland, and he says that after viewing the struggle over the pending tariff measure, no one can doubt the prodigious work being performed by Senator Smoot; he says he met with many evidences of the general esteem in which the senator is held in Wash-ington. ington. In response to a question as to the sale of his mining and smelting inter-ests, of which a great deal has been rumored on the stock exchange of late, Mr. Knight said that while some negotiations had been going forward with an English company, nothing had been closed, and whether the matter would be taken up in the future, only the future could determine.

Board of Education Files Answer in Case of J. R. Rawlins. In an answer filed this morning in the Third district court to the suit of James, R. Rawlings, who seeks to qualify as a member of the board of education of the Jordan district school district, Charles C. Crapo, president and C. L. Countryman, scoretary of the board, declare that he is not cli-gible. It is set forth that he is not a resident of the Draper district where he was a candidate. In his place the county cominisioners confirmed the appointment of Heber A. Smith, and the defendant asks that the writ of mandate be denied and the case dis-missed so that the board may go on with some important business.

demand for the stock in bart Dake City,
but that the only reason for it is that
persons wish to get in while it is cheap.
In sympathy with Iron Blossom near-
ly every stock on the board was on
the decline. Ohio Copper, with its
bright prospects, was selling at \$4.40
today. The market appears to be
frightened because it is a Heinze stock.
Colorado was also somewhat under the
weather today and sold as low as
\$2.32%. This is also the lowest the
stock has gone this year.
One of the probable reasons for the

Knight securities being low is the re-Knight scentrics of a made by Mr. Knight on his visit to New York. This reached the market this morning and caused somewhat of a change. On the Salt Like exchange 40,580

shares of stock changed hands at \$25.-650, while the sales on the Utah ex-change amounted to 10,750 shares at \$3,842.50.

There was but little doing this morn. ing on the curb market. Uintah Treasure Hill was offered at 16 cents and Eureka Swansea Extension at/10 cents.

CONCENTRATES.

Atty. J. M. Hamilton has gone to Blaine county, Ida., on mining busi-

Grant Snyder returned from the Beaver Carbonate property in Beaver coun-

the Woodman Mining company, is in the city from the Deep Creek district. The new smelter of the Lodi Mines

company at Bob, Nev., has been blown-in and is now successfully operating. About 100 tons of ore a day are treated.

A nugget weighing 11:13 ounces of solid gold was recently found by J. B. Giffen on his placer lease on the Verde

The court will probably be occupied with these matters the greater part of the week. The principal case on the docket is the writ of mandate obtained at the instance of the board of regents of the University of Utah against the state board of land commissioners to compel them to pay over for building purposes part of the \$259,000 provided by the last legislature and take their note. The alternative writ will be arnote. The a gued today.

DISTRICT COURT NOTES.

With the consent of Mrs. Lydia G, James, her suit against Harriet M. James was dismissed in Judge Morse's court Saturday. The suit was brought to set aside a convey-ance of property made by David James, now dead.

Mrs. Martha Hopkins seeks a di-Mrs. Martha Hopkins seeks a di-vorce from Thomas F. Hopkins in a complaint filed Saturday in the Third district court charging him with non-support. They were married here April 6, 1892, and have three child-ren. For the last seven years he has neglected her and the children and she has been compelled to provide for them. for them,

PRODUCE. Chicago, June 21.-Firm cables and light offerings caused a firm tone in the wheat market at the opening today and initial quotations showed gains of 12 to 3, com-pared with Saturday's final figures. Sev-eral leading commission houses were moderately active bidders. The bears, however, became more aggressive early in the day and sold quite freely on fav-orable crop reports. July, which opened at 1.134 to 3, advanced to 1.13520% and then declined to 1.13520% and then declined to 1.13520% and then declined to 1.13520% shown by the market in general at the start. July opened 14074 to 3420% bigh-fing of the September delivery by a lead-ing cash interest had a weakening effect on the oats market early in the day. July, which opened unchanged at 50%, sold off to 50%. Trovisions were weak on general sell-ing creeipts at the vestern packing enters. Prices at the start were a shade higher to 12% cents lower, compared with the previous close. Market became strong again and July advanced to 1.14%. Part of the day, the market became strong again and July absed on "green bug reports" from southern fillinois. The market closed strong with July up at 114253(1.144). The market called additionat strength later, on account of bulge his oats, July advancing to 72%. The closed with the previous 10.72%. The closed were a shade on a strong again and July absed on "green bug reports" from southern fillinois. The market closed strength later, on account of bulge his oats, July advancing to 72%. The closed were a shade of the strong again and July attended to 1.14%. Part of the day additionat strength later, on account of bulge his oats, July advancing to 72%. The closed were the close to 62% and 72% and 72%. Sent., 1.05% aff. JOSEPH F. SMITH......President ANTHON H. LUND...Vice President H. J. GRANT.....Vice President CHARLES S. BURTON.....Cashier H. T.
