Annual Report of W. U. Tel. Com-  
pany.

New York, 14.—The annual meet-  
ing of the Western Union Tele-  
graph Company, held at New York,

The following is the annual report  
of the President:

"The capital stock of the com-  
pany is \$41,073,410, of which the com-  
pany owns and has now in its treas-  
ury \$7,267,725, leaving \$33,805,685. The bond-

ed debt is \$3,946,000, of which sum  
\$4,448,000 is in seven per cent cur-  
rency bonds, which will be matured  
Nov. 1, 75, and \$1,448,000 in seven  
per cent gold bonds, due in 1902.

The bonded debt was reduced dur-  
ing the year by the redemption of the  
bonds of the American Tele-  
graph Company, which matured  
Oct. 1, 1873, amounting to \$30,500,  
and by the purchase, for the same  
fund, of 2,000 of the bonds of 1902.

This company has no floating  
debt. The receipts for the year from  
all sources were \$2,293,888.88,  
and the expenses \$3,758,738.88,  
showing a net profit of \$2,506,930.  
15. There have been added to the  
property of the company during the  
year, by construction, purchase  
and lease 5,878 miles of poles and  
21,364 miles of wire, being equal to  
about eight per cent of the line and  
twelve per cent of the wire; 418  
more offices were in operation at  
the close of the year than at the  
beginning. The company operated  
at the close of the year 71,885  
miles of line, and 175,185 miles  
of wire, and 6,188 offices. The  
report after explaining the distri-  
bution of \$2,506,930.15 of the profit  
of the year, shows a balance of  
\$483,754.47, which has been carried  
to the credit of the income account  
surplus, which in July 1st, 1874,  
was \$275,357.24. The net profit for  
eight years, from July 1st, 1866,  
to June 30th, 1874, was \$2,293,888.88,  
of which \$2,000,000.00 has been  
distributed in dividends to stock-  
holders, including the dividend pay-  
able July 15th, \$3,582,815.  
34; disbursed for interest on the  
company's bonds \$2,581,333.81,  
showing a balance of \$1,040,749.05.

The last annual report stated that  
the company had acquired a major-  
ity of the stock of the Pacific  
Telegraph and Cable Company, and  
that negotiations were then pend-  
ing for a lease of its lines to the  
Western Union Co.; these negotia-  
tions were concluded in December  
last, on a lease of ten years, and  
nine years, at an annual rental  
equal to 4 per cent on the capital  
stock, including the dividend pay-  
able, first to the payment of the  
debts of the P. and A. Co., and  
thereafter to be distributed *pro rata*  
among the shareholders. Of the  
cost of \$2,000,000, the company  
owns \$1,415,950. The entire rental  
of the year 1874 will be required for  
the payment of the debt of the P. and  
A. Co., and the balance of \$584,050  
is available for the use of the com-  
pany. The company during the  
past year have been very satisfac-  
tory, and give promise of still bet-  
ter results. At the present time  
the company are engaged in the  
construction of the Pacific Cable  
between Key West and Havana,  
which the year before, has been paid  
for, and the entire floating debt of  
the company discharged by the last  
year's earnings. The company are  
also engaged in the construction of  
a cable between the West Indies and  
South America, to lay an additional  
cable between Santa Rosa and Key  
West, it is probable that the com-  
pany will be able to complete the  
holders of the I. O. T. Co. will be  
resumed within a year. This prop-  
erty is destined to increase largely  
in value in future. The receipts of  
the I. O. T. Co. for the year ending  
June 30th, 1874, was \$308,870.00,  
the expenses \$71,661.15, giving a bal-  
ance of \$237,208.85, which is added  
to the general assets of \$27,970.65,  
making \$305,179.50. Out of this  
sum \$237,208.85 is paid for the  
general assets of \$27,970.65. Of the  
\$2,500,000 capital of the Gold and  
Stock Co., \$1,192,750 is its gross  
receipts for the fiscal year ending  
Sept. 15th, 1874, was \$681,000,  
the expenses \$1,192,750, leaving a  
profit of \$52,000, all of which was  
expended in providing new appar-  
atus. The Gold and Stock Co. has  
expended its net assets of \$700,000  
on new lines, machinery and appar-  
atus. The report then enters into details  
of money, transfers and profits, which  
will be given in full in the report of  
the fiscal year, ending June 30,  
1875. The account with the new  
building presented an exhibit of  
\$1,781,274.31. The report then en-  
ters into details of the company's  
operations during the fiscal year, com-  
pleted with the preceding day, showing  
a total of \$3,000,000 in gross receipts,  
\$1,024.51 in net profits, which arose  
from the reduction of rates which  
the company effected on July 1st, 1873,  
and to the financial panic in Sep-  
tember of the same year, and to the  
general stagnation of business in  
every department of the country,  
which immediately followed. The
