

OGDEN DEPARTMENT.

MANAGER, E. A. LARKIN. Telephone 128-1.
CIRCULATOR, M. H. THOMAS. Telephone 627-2.

Advertisements for the Daily, Saturday and Semi-Weekly News accepted on the same terms as at the Salt Lake office.

NOTICE TO OGDEN SUBSCRIBERS.

The delivery of the Daily and Saturday "News" by carrier, in Ogden, is now in the hands of M. H. Thomas, whose office is at 507 Grant Ave., telephone 627-2. All accounts due for copies of the "News" delivered after Jan. 1, 1904, should be paid to Mr. Thomas.

OGDEN, UTAH, FEB. 17, 1904.

FLORENCE ROBERTS AT THE GRAND.

Mrs. Martha Connel, a Respected Resident of Southern Utah, Dies in Idaho.

YOUNG COUPLES MADE HAPPY.

Suit to Partition South Ogden Property—Junction City Briefs and Personals.

The Sidney Stevens Implement company has brought actions in the district court against M. Buchmiller et al and Marian Beus et al at partition parts of the South Ogden property. Some time ago considerable legal controversy arose over the properties now in question, and the court decided the case, giving each of the defendants as well as the plaintiff in this action certain portions of the land in question, but up to the present time the property has remained unpartitioned, but plaintiffs ask for a decree of court partitioning the same to the respective owners, also for attorney's fees and costs of suit.

Robert McQuarrie and William E. Newman, who are named as executors of the last will of Maria L. Newman, have filed a petition praying for the probate of the will and their appointment as executors. The estate is valued at \$400 personal property, and \$5,000 real estate.

DEATH OF MRS. MARTHA CONNELL.

William S. Connell of Ogden, through a letter to his daughter has received the sad news of the death of his aged mother, Mrs. Martha Connell, who died at 75 years, last week at the ripe age of 75 years. Her remains passed through Ogden Saturday for Washington, Washington county, where they were laid by the side of her late husband, Samuel Connell. Mrs. Connell was a woman of usefulness, always desirous of doing good. She was a faithful member of the Church of Jesus Christ of Latter-day Saints.

THEATRICAL ACTIVITIES.

Manager Clark has some good bookings for the Grand Opera House this week. Tonight Gus Sun's minstrels will hold forth at the theatre. Howard Kyle will appear Thursday night in the pretty production "Rosemary." Florence Roberts, one of the greatest artists in the dramatic line, comes to Ogden Friday and Saturday and Saturday matinee in three of her famous plays, "The Frisky Mrs. Johnson," "The Unwelcome Mrs. Hatch," and "Peggy Thrift, the Country Girl."

WEDDING BELLS.

Marriage licenses have been granted to the following couples: Thomas D. McLean, 20, and Miss Edith H. Hadley, 19, both of West Weber. Archibald Stewart, 24, and Miss Ada F. Nichols, 23, both of Warren, Weber county.

BRIEFS AND PERSONALS.

County Commissioner W. G. Wilson has gone east for a few weeks to inspect various fish hatcheries, to obtain the best plans for the installation of his fish hatchery near the Hermitage this summer. The second ward Sunday school will have a reunion tonight in the ward hall. The affair promises to be a thorough success. Refreshments will be served. John G. Ellis, who has been awarded the construction of the new Volker Sowercroft Lumber company's buildings, has already commenced work on the same.

NORTH OGDEN.

REORGANIZE RELIEF SOCIETY.

Mathews-Shupe Nuptials—Canning Factory Will Not Run This Season.

Special Correspondence. North Ogden, Weber Co., Feb. 17.—Notwithstanding the long winter, mercury has played above the danger point to fruit and an abundant crop is assured. We note with regret, however, that the canning factory will not run this season owing to considerable loss of last season's crop. The board of directors of the relief society met Saturday. It will thus greatly curtail the revenue of the farmers. Over \$5,000 was paid out last season for tomatoes, and nearly that amount for labor, near-

RELIEF SOCIETY REORGANIZED.

The Relief society has been recently reorganized with Annie Daniels as president; Frances Ward and Elizabeth Williams, counselors; Charlotte Gibson, secretary, and Ellen Chandler, treasurer. The retiring president, Mrs. Mary Chadwick, has served in that capacity over 25 years, and it was with considerable reluctance that the members of her society relinquished their claim upon her as their leader, though she felt that owing to her declining years her resignation would be to the best interests of the society.

William H. Crandall, many years a resident with us as our ward chorister, and an active worker in other capacities for the good of the ward, has accepted a position with the Garland saw factory, and has moved his family there. The members of the choir tendered him a very pleasant reception on the eve of his departure, which no doubt will be long remembered by him.

MATHEWS-SHUPE NUPTIALS.

David C. Shupe, one of our most highly respected young men, is sojourning in Salt Lake this week on very important business pertaining to his future welfare and happiness, and to-day, in the temple, will enter into the holy bonds of matrimony with Miss Sophia Mathews of Salt Lake City.

Rural P. O. delivery route No. 3 has been changed to accommodate the Randall district.

The local assessment for the year 1904 has just been completed and the work of gathering statistics of the crops, stock, etc., of the previous year will at once be taken up for the state bureau.

The diphtheria cases in Pleasant View previously reported have all recovered, and thorough fumigation of the premises is being attended to this week. Some suspicious cases are awaiting professional diagnosis.

PROVO.

WEIGHT-ALLEN NUPTIALS.

Prisoners Accused of Extortion Granted Change of Venue—Surprise Party.

Special Correspondence. Provo, Utah Co., Feb. 17.—Wm. D. Potter and Paria Ballard, charged with extorting \$1.35 from some young men near Tucker, last month, while the men were picking up coal near Tucker, were before Justice Noon yesterday for preliminary examination. They asked for a change of venue, which was granted. It is claimed that the defendants represented themselves as agents of the railroad company, when they collected from the coal pickers.

WEIGHT-ALLEN WEDDING.

A marriage license has been issued to Bird Allen, 23, and De Estie Weight, 21, both of Springville. Bishop Berg and some of the First ward Relief society gave a happy surprise Monday at the home of Mrs. Donna Mecham, who has been a sufferer for a long time from a severe attack of rheumatism. Mrs. Mecham has been a most energetic church worker in the past, and her large circle of friends will be pleased to learn that she is improving in health.

Energy all gone? Headache? Stomach out of order? Simply a case of torpid liver. Burdock Blood Bitters will make a new man or woman of you.

SUNNYSIDE.

COAL MINING SITUATION.

Good Wages Made by Amateur Miners—Bridge and Crushers Nearly Completed.

Special Correspondence. Sunnyside, Carbon Co., Feb. 18.—The new bridge and crushers will soon be completed here. They have been under construction nearly six months. One half of the machinery will be tested this week. It is expected that when all the machinery is in place, very little coal will be shipped from the mine. Some 300 tons are in operation here. No slack is being shipped to Casle Gate since the strike.

Notwithstanding the many adverse reports that are being published by several papers in this state respecting the Utah Fuel company's not living up to its contracts, etc., the facts in the matter are against the transient element, and has furnished such items for the papers, as far as Sunnyside is concerned at least. The output of coal is as great as before the strike, and the average number of miners now working is no larger now than it was prior to Nov. 3, 1903, and they who dig coal received an advance in wages of 12 percent. So if men made good wages before the strike, they can do better now.

Men here who never saw the inside of a coal mine before this winter, have made \$4.45 and \$5 per day, and state to your correspondent that they can make such a record every day if the drivers will give them cars to load. The above figures are taken from the daily bulletin of coal mined. Some men make less wages than the figures given, and no matter where you put them to work, they couldn't make the same as another man would.

That the public may not be misled

van Houten's Cocoa

Of unequalled value as a household beverage.

Best & Goes Farthest

It should be understood that miners, to make good wages must prepare for the next day's work. He it said to the credit of Supt. Joseph R. Sharp and the foremen under him they have met nearly every night for the past three months, discussing plans for the benefit of the miners and their care, and then have carried them out.

There has been much sickness here this winter, measles, mumps, pneumonia and bronchitis.

All the healing balsamic virtues of the Norway Spruce are concentrated in Dr. Wood's Norway Pine Syrup. Nature's own remedy for coughs and colds.

FILLMORE.

WARD CONFERENCE.

Visit of President F. M. Lyman—District Court—Illness of John Kelly.

Fillmore, Millard Co., Feb. 15.—Ward conference was held here yesterday. The saints had the pleasure of listening to instructive remarks from the lips of President Francis M. Lyman, who is visiting here for a few days. District court will convene here on Saturday, Feb. 20. There are several important cases on the calendar which will be tried unless for some reason not apparent at present they are postponed.

Mr. John Kelly, an aged and respected resident of the place, has been the point of death for some time past. His ailment appears to be the result of an attack of a gripe, followed by extreme physical weakness and depression. His sons, G. B. Kelly of Boise, Ida., and Alex. and E. W. Kelly and daughter Viola, all of Salt Lake, have been in attendance at his bedside for several days.

It's a mistake to imagine that itching pox can't be cured; a mistake to think a day's delay in treatment will do harm. Doan's Ointment brings instant relief and permanent cure. At any drug store, 50 cents.

PARADISE.

MISSIONARY WELCOME HOME.

Serious Illness of Samuel Sinfield—Lecture by Prof. Jensen.

Paradise, Cache Co., Feb. 14.—A grand reception in honor of Elder Andrew S. Williams, who has just returned from a mission to the eastern states, was given in the meetinghouse, Feb. 14. The Paradise brass band was out and played several selections. A program consisting of songs, duets and glee, was rendered, and an address of welcome was delivered by Elder Danford M. Hickmore, to which Elder Williams responded in a feeling manner. The remainder of the time until midnight was spent in dancing to the sweet strains of the Hyrum orchestra, except a short intermission for lunch, which was passed around by the young ladies.

Mr. John H. Lofthouse, who broke his knee-cap by slipping on the ice about two weeks ago, is getting along nicely. Bert McArthur, who broke his leg about the same time, is mending rapidly.

Mr. Samuel Sinfield, an aged and esteemed resident, is very ill with paralysis and hernia. Brother Sinfield is nearly 84 years of age and the chances for his recovery seem frail.

Snow still covers the ground and sleighing continues good at this end of Cache valley.

An interesting and edifying address, entitled "Self Effort," was delivered by Prof. D. C. Jensen of the Brigham Young college.

RICHFIELD.

FINE WATERWORKS SYSTEM.

Owned by City—M. I. G. Conference—Farmers' Institute—Court Session.

Special Correspondence. Richfield, Sevier Co., Feb. 15.—The Mutual Improvement associations of Sevier state held conference here yesterday. Officers' meetings were held during the day, and a conference in the afternoon and evening.

Elders Joseph W. McMurrin and B. F. Grant and Sister Martha H. Tingey of the general M. I. A. board were present and were delightfully entertained on Saturday evening by the stake officials at the residence of Elder Geo. M. Jones of this city.

The meetings were enjoyed and well attended, and a good spirit prevailed throughout.

WATERWORKS COMPLETED.

Our waterworks system being practically complete Supt. A. G. Young and the waterworks committee filed their financial statement with the city council at its last session. The report shows that the system has cost to date the sum of \$24,663.51; payments thereon have been made to the amount of \$22,064.83. Of the latter amount \$15,000 has been paid by bond issue and the balance from taxes. Notwithstanding the \$2,598.68 deficit the showing is an excellent one considering the splendid system established. The city and its officials are to be congratulated.

Assessor A. K. Hansen is assessing in Gallia and Redmond this week. The weather is nice and mild and the roads are dry and very dusty.

Mr. Gibson, the Socialist lecturer, gave a talk at the opera house Saturday evening.

FARMERS' INSTITUTE.

A number of the professors from the state agricultural college will address the farmers' institute to be held here Friday and Saturday next.

Judge Childress will hold court here on the 15th inst. and dispose of some probate and other minor matters.

KANOSH.

THRILLING ACCIDENT.

Burt Rappleye Thrown Under Horse—Ward Conference—Some Snow.

Special Correspondence. Kanosh, Millard Co., Feb. 15.—Our ward conference was held here on Friday, the 12th, and a very profitable time was had. The presidency of the stake was with us, and expressed satisfaction at the evidence of improvement shown by the records of attendance at the quorum meetings of the

Good Wheat

with a good Millor and—the mill—makes

HUSLER'S FLOUR

Good—and always will.

LOGAN.

CHURCH SCHOOL WORK.

Board of Examiners Meet—Recommend Correspondence School.

Special Correspondence. Logan, Cache Co., Feb. 15.—The Church board of examiners, consisting of Supt. J. M. Tanner, President Geo. H. Brimhall of the Brigham Young University, President J. H. Paul of the Latter-day Saints university, and President J. H. Lindbergh of the Brigham Young college, held a very important meeting in the president's office of the Brigham Young college on Saturday, the 13th inst. Two sessions were held occupying the whole day.

The general field of Church school education was reviewed and plans were discussed looking to the improvement of the various schools that make up the system. One decision was reached that will increase the efficiency of the organization and that was, a school shall outline subjects in education or psychology, in the first or second year of the high school course. Students who desire these subjects before the completion of the second year must take them in the summer school.

It was decided to recommend to the general board the establishment of a Latter-day Saints Correspondence school to give instruction in normal and business subjects.

Plans were matured for an inter-mountain Chautauque, to begin June 13, and continue for six weeks. Dr. Tanner, who leaves shortly to attend the superintendent's conference at the National Educational association, was authorized to engage a teacher in English and one in pedagogy, who shall give six weeks courses in their special subjects.

Permanent quarters for this school will not be selected this year, but within a short time a temporary location will be selected.

The board, also President Joseph Morrell and wife, took dinner in the domestic department of the college.

FRAUDS IN A BALE OF HAY.

Which Suggests a Word or Two About Frauds in Watch Cases.

According to an article in the Cincinnati Commercial, a fifty-one-pound stone was recently found in that city secreted in a bale of hay of eighty pounds.

This is not as bad as finding a lump of lead of near one hundred pounds of the solid gold watch case secreted in the center of the case.

Gold watch cases are sold by weight and no one can see where this lead is secreted, and the springs of the case are taken out, and the lead will be found secreted behind them.

These cases are made by companies who profess to be honest, but furnish the means to the dishonest to rob the honest. It is not pleasant for anyone to find that he has bought a lump of lead in his watch case.

Another trick of the makers of spurious solid gold watch cases is to stamp the case "U. S. Assay." The United States does not assay watches, and the makers of gold and silver except coin, and the fakir, by using this stamp, wants to make the public believe that the government had something to do with the stamping or guaranteeing the fineness of watch cases.

Another trick of the watch fakir is to advertise a watch described as a solid gold filled watch with a twenty year warranty, and when the watch is taken out, the watch is found to be a cheap watch, and if the purchaser has paid for the watch, he finds that the company which guaranteed the watch to wear is not in existence.

The Duescher-Harnden Watch Company of Canton, Ohio, who are constantly exposing these frauds, will furnish the names of the manufacturers who are in this questionable business. Write for circulars.

MONROE.

MEETINGS OF IRRIGATORS.

Entertainments—Beet-growers Want Better Car Service and Loading Facilities.

Special Correspondence. Monroe, Sevier Co., Feb. 14.—After a futile effort on the part of the weather for the past two weeks to give us a snowstorm, the weather has been beautiful spring weather, and were it not for considerable water being already stored in the Otter creek reservoir, the farmers of this county would have cause to feel doubtful of this year's crop, even with some water on hand it is not overly cheerful.

About a hundred farmers here met with Mr. Austin of Lehi and talked up the beet question. A strong desire was expressed for better car service and loading facilities. The acreage will be somewhat controlled by these conditions.

By invitation of Elder J. E. Magleby the Methodist church and several of its friends came here last week and gave entertainments. The excellent music was much appreciated by the dancing portion of the community. The second

of the three nights' entertainments was set apart for the married people, and consisted of varied exercises, among which was a Maori song and salutation, by Elder J. E. Magleby of Monroe, Elders Oldroyd and Hellenen of Glenwood and Roberts of Glenwood, all returned New Zealand missionaries. A pole dance by Miss Mary Hall, a native of New Zealand, was also given.

A half dozen meetings of the irrigation companies of this county have been held to try and compromise on water interest in the Sevier river and Otter creek reservoir, but the object has not yet been accomplished. If the compromise can be effected it will save an expensive law suit.

ASSESSMENT NO. 1.

Elmore Gold Mining & Milling Company, Principal office, 706 McCormick Building, Salt Lake City, Utah. Notice is hereby given that the Elmore Gold Mining & Milling Company, held on the first day of February, 1904, an assessment of three-tenths of one cent per share was levied and assessed on the outstanding stock of said company, and the same is payable forthwith to A. W. Gallacher, the Treasurer of said company, at the Elmore Gold Mining & Milling Company, Room 302, South State Street, Salt Lake City, Utah.

Dated this 2nd day of February, 1904.

SHERIFF'S SALE.

In the District Court, for and Salt Lake County, State of Utah, Lawrence, Plaintiff, vs. George Morrow and Annie E. Morrow, Defendants, to be sold at Sheriff's Office, in and to the County of Salt Lake, State of Utah, on the 4th day of March, A. D. 1904, at 12 o'clock noon of said day, all the right, title, claim and interest of George Morrow and Annie E. Morrow, defendants, or to whom the right, title, claim and interest in and to the following described property, situate lying and being in the City of Salt Lake, Utah, to-wit: Lot 1, Block 1, Subdivision 5, of the Elmore Gold Mining & Milling Company, held on the first day of February, 1904, an assessment of three-tenths of one cent per share was levied and assessed on the outstanding stock of said company, and the same is payable forthwith to A. W. Gallacher, the Treasurer of said company, at the Elmore Gold Mining & Milling Company, Room 302, South State Street, Salt Lake City, Utah.

Dated this 2nd day of February, 1904.

By Joseph C. Shurtz, Deputy Sheriff.

Goodwin & Van Pelt, Attorneys for Plaintiff.

PROBATE AND GUARDIANSHIP NOTICES.

Consult County Clerk or the respective signers for further information.

IN THE DISTRICT COURT, Probate Division, in and for Salt Lake County, State of Utah. In the matter of the estate of Emma H. Adkins, Deceased. Notice.—The petition of Brigham Smith, administrator of the estate of Emma H. Adkins, deceased, for confirmation of the sale of the following described real estate of said decedent, to-wit: Commencing at the northwest corner of lot 4, block 4, plat 1, of the subdivision of said estate, thence south 10 rods; thence east 4 1/2 feet; thence northeasterly to the north line of said lot, 74 feet east from the place of beginning; thence west 74 feet to the place of beginning, together with improvements thereon, for the sum of \$2,100.00. And upon the hearing of said petition, the return of said sale, filed in this court, has been set for the hearing on Friday, the 4th day of March, A. D. 1904, at 10 o'clock a. m., at the County Court House, in the Court Room of said Court, in Salt Lake City, Salt Lake County, Utah.

Witness the Clerk of said Court, with the seal thereof affixed this 16th day of February, A. D. 1904.
