

MUCH UNREST AMONG CHINESE.

In Various Districts New Anti-
Foreign Society is Spread-
ing Rapidly.

SITUATION LIKE THAT OF 1900.

Placards Being Distributed—Member-
ship Includes Almost Every
Class.

New York, Sept. 30.—Unrest is in-
creasing among the natives of South
Chi Li, North Huanan and West Shan-
tung districts of China, according to
a Herald dispatch from Peking. The
new anti-foreign society, the Tsai Yuan,
is spreading rapidly, even during the
present harvesting of good crops.

The situation is much the same as
in 1900, without the famine incentive.
The South Chi Li mission, or Canadian
Presbyterian church, and the mission
of the American board are in the in-
fested region.

The placards of the new society be-
ing circulated are identical with those
once used by the Boxers, with the fol-
lowing addition:
"If every member will distribute 50
copies we shall become as numerous as
the Boxers, and on Oct. 17, the Chung
Yang festival, all foreigners will be
destroyed."

The membership of the Tsai Yuan in-
cludes clerks, subordinate customs offi-
cials, Buddhist priests and influential
natives.

The foreign ministers have con-
fidence in the ability of the society to
suppress the infection. That official is
the same who suppressed the Boxers of
Shan Tung in 1900. The situation is
not critical at present.

Hooley Committed for Trial.

London, Sept. 30.—Ernest T. Hooley,
the company promoter, who was arrest-
ed in London May 19 last on the charge
of conspiracy to defraud, and Henry
J. Lawson, another company promoter,
who was taken into custody the same
day in connection with the charge
against Hooley, were today committed
for trial.

Hooley merely reiterated that he was
not guilty and reserved his defense.

In the course of a long statement
Lawson said he had been engaged in
business in London for over 25 years,
during which time he had formed a
company with a total capitalization

Hair Escaping?

No wonder. Your hair is
starving. Feed it before it
all leaves you. Then you can
keep what you have and add
greatly to it. Ayer's Hair
Vigor is a hair-food. It stops
falling of the hair, makes the
hair grow, and always re-
stores color to gray hair.

"One year ago today I had not one
single hair on my head, and today I
have as fine a growth of hair as any
young man in my town, and just three
bottles of Ayer's Hair Vigor did it."

have brought me to Bow street," Daw-
son added, "I am proud of being there."

Judge Hendrickson Paralyzed.

New York, Sept. 30.—Justice Charles
E. Hendrickson, of the supreme court
of New Jersey, has been stricken by
paralysis at Ocean Grove, N. J. His
left side was affected and recovery is
doubtful. He is 65 years old.

Archbishop Goes Stunming.

New York, Sept. 28.—The Archbishop
of Canterbury, accompanied by Hooker
T. Washington, today made a tour of
inspection through the best and worst
sections of the east side, including the
thickly packed barracks on Mulberry
street and the tenements in the neigh-
borhood of Mulberry Bend. The long

destroyed."

The membership of the Tsai Yuan in-
cludes clerks, subordinate customs offi-
cials, Buddhist priests and influential
natives.

KANSAS-COLORADO WATER TROUBLES

Effort to Settle Them by Cession
Of Western Portion of
Sunflower State.

TRACT IS 150 MILES WIDE.

Politicians of Both States Said to be
Working to Pass Bill Through
Both Legislatures.

Pueblo, Colo., Sept. 29.—An effort at
a solution of the Kansas-COLORADO wa-
ter suit is in progress, and if the efforts
of those most interested in the case
are successful a strip of the western
portion of Kansas, the arid region about
150 miles wide, will be annexed to the
state of Colorado, and the litigation
now before the supreme court at
Washington will be thrown out.

Politicians in both Kansas and Co-
lorado are working for the passage of
a bill through the legislatures of both
states whereby the western portion of
Kansas can be taken into Colorado.
This, it is said, by means of which
given the irrigation question much
solved, will solve the difficulty and both
states will be benefited to a great ex-
tent. L. P. Worden of Syracuse, Kan.,
and C. H. Kennison, of Garden City,
Kan., a candidate for representative
from that county, are in Pueblo in the
interest of the plan.

"It would settle the water question
in western Kansas forever, and the
suit now in the courts would be drop-
ped, as there would no longer be
any reason for continuing it," said Mr.
Worden today.

Both Mr. Worden and Mr. Kennison
appeared before the government com-
mission when it was session here, and
are thoroughly familiar with the situa-
tion. They say they are supported by
practically every resident of western
Kansas.

IDEA IS RIDICULED.

Topeka, Kan., Sept. 29.—Kansas po-
liticians ridicule the report sent from
Pueblo that a portion of western
Kansas is likely to be ceded to Colo-
rado. None of the state officers are
in the city tonight, but the attorneys
of the attorney-general's office say the
story is purely of Colorado origin, and
that if the proposed cession were to be
made it would not help matters in the
least as regards the irrigation case, for
the entire Arkansas valley must be
considered in the settlement.

Nitrate Laborers in a Riot.

New York, Sept. 30.—Serious rioting
has taken place in Tacopilla among the
nitrate laborers, according to a Herald
dispatch from Valparaiso de Chile. It
was caused by the men failing to ac-
cuse the dismissal of a foreman. Later,
these attacked the police station with
the intention of liberating the
prisoners. A fight with the police en-
sued in which two men were killed.
Strong reinforcements of infantry and
cavalry have been sent to the scene.

Bologna Makers to Strike.

New York, Sept. 30.—The Bologna
makers' unions of Manhattan and
Brooklyn have decided to strike at once
if the employers do not reconsider their
refusal to renew the wage agreement
which expires today. At present the
men are paid \$14 to \$16 a week for a
10-hour day. The employers are or-
ganized as the Bologna Manufacturers'
association, and have a joint ex-
ecutive board, which notified the bo-
logna makers several weeks ago that
the agreement would not be renewed.

In view of a possible strike the de-
licatesse stores have been laying in
large supplies to ward off a Bologna
famine. Many saloon-keepers are simi-
larly provided.

Capt. Baker to be Transferred.

San Francisco, Sept. 30.—Capt.
Charles T. Baker, assistant post quar-
termaster in his city is to be trans-
ferred to Manila. Capt. Baker has
been assistant to Maj. Devo for the
past year and a half. His successor
here has not yet been appointed.

Japan After Chilean Ships.

New York, Sept. 30.—A Japanese
sloop, supposed to be commercial agent of his
government, and who is said to have
been a captain in the Japanese army,
has been negotiating, according to a
Herald dispatch from Valparaiso, Chile,
for the purchase of two Chilean war-
ships to be delivered when the war with
Russia shall have been ended.

Wrecked by Earthquake.

New York, Sept. 30.—A severe earth-
quake has wrecked the governor's
building and four schoolhouses at Tal-
cahuano, according to a Herald dis-
patch from Valparaiso, Chile. The Quir-
quina lighthouse was ruined. No
deaths have been reported.

Geo. Jones, Soldier, Captured.

Ableton, Kan., Sept. 29.—George Jones,
a soldier of the Ninth United States
cavalry, was captured near here today.
He is charged with murdering a soldier
of Manila and killing his guard in San
Francisco at the time of his escape. He
was working with a threshing crew
near here. He was taken to Fort Riley.

Thrown Out of Runaway Car.

San Francisco, Sept. 30.—Four per-
sons have been injured as the result of
an accident on the Suto electric
line. A railway car went speeding
around the curve just above the en-
trance to Suto Heights and eight pas-
sengers were hurled violently to the
ground, some of them sustaining in-
juries that may result seriously. The
most seriously hurt are Mrs. H. Hun-
saker, a Miss Rawlins and Mrs. Kath-
erine Baker.

Massacred by Kurds.

Paris, Sept. 29.—The Temps this after-
noon publishes a dispatch from "con-
stantinople" saying that private infor-
mation had been received there to the
effect that the village of Ramas, Ar-
menia, was yesterday the scene of a
massacre of Armenians by Kurds. De-
tails are lacking.

Rhode Island Democratic Ticket.

Providence, R. I., Sept. 29.—The Dem-
ocratic state convention met here to-
day and nominated presidential electors
and the following ticket without op-
sition:
Governor—Lucius F. Garver.
Lieutenant Governor—Adair Arch-
ambault.
Secretary of State—John H. Keenan.
Attorney General—George T. Brown.
Treasurer—Edward M. Walker.
Edward M. Sullivan was nominated for
secretary of state, but declined to

Brides

Are always "beau-
tiful" and always
"happy" according
to the society
reporters, and in
this case the re-
port is mostly true.
There may be un-
happy brides in
fiction, but there
are few in real life.
But how hard it is
to look upon many
of the wives we
know, and believe
that they were
once beautiful and happy. Pain, the
result of womanly disease, has marred
beauty and undermined happiness.

\$500 REWARD FOR WOMEN WHO CANNOT BE CURED.

Backed up by over a third of a century
of remarkable and uniform cures, a record
such as no other remedy for the diseases
and weaknesses peculiar to women ever
attained, the proprietors of Dr. Pierce's
Favorite Prescription now feel fully war-
ranted in offering to pay \$500 in legal
money of the United States, for any case
of Leucorrhoea, Female Weakness, Pro-
lapse, or Falling of Womb which they can-
not cure. All they ask is a fair and reason-
able trial of their means of cure.

"I have thought for some time I would
write you and tell you of the great improve-
ment in my health since taking your Favorite
Prescription," says Mrs. H. S. Jones, of Forest, N. C.
"When I began to use it was a physical wreck
and had almost given up having any health
again. Could not sit up all night, and was so
weak I could not walk one quarter of a mile.
I noted a great improvement in my health be-
fore the first bottle was used. Was suffering
with almost every pain that a woman is sub-
ject to, had inflammation of ovaries, painful
and suppressed periods, and other symptoms
of female disease. After taking six bottles of
"Favorite Prescription," I felt like a new per-
son. Can ride horseback and take all kinds of
exercise and not feel tired."

Prisoner Whitman Escapes.

Buffalo, N. Y., Sept. 29.—Alonso J.
Whitman, who was arrested in St.
Louis on Sept. 25 on a charge of forgery
and was being brought to this city by
detectives, escaped from the city mail
some distance east of here. The con-
ductor, it is rumored, refused to stop
the train until it reached a suburb of
this city. The detective who had Whit-
man in charge went back to search for
the prisoner.

THE ARABIA ARRIVES.

Was Captured by Russian Vladivostok Fleet July 22.

Astoria, Or., Sept. 29.—The Oriental
liner Arabia, of the Portland-Astoria
line, arrived in Portland today from
far eastern ports, 72 hours late, as the
result of thick weather. The trip from
Yokohama was uneventful. She brings
a full cargo of oriental goods consigned
to firms all over the country.

The Arabia was captured by the
Russian Vladivostok squadron July 22.
100 miles north of Yokohama. The
cruiser Gromobol brought the Arabia
to a stop, and 300 or 400 men boarded
her. The Arabia was taken to Vladivostok,
where 65,000 sacks of flour were
removed from her, 35,000 sacks being
left on board. The Arabia also had
on board 90 flat cars which the Rus-
sians threw into the sea. They wash-
ed ashore along the beach, where they
were rotting when the liner was finally
released.

"We were at Vladivostok for 28
days," said Capt. Bahe, "and there
was the crews of several captured ves-
sels. The Russian officers showed us
every courtesy and personally our re-
lations with them could not have been
more pleasant."

"The Russia and Gromobol were at
Vladivostok while the Arabia was
there. I have heard that the Russians
claimed both vessels had been repaired
sufficiently to permit them to resume
duty, but I do not believe the report.
I counted 23 gaping holes in the Rus-
sia. All of them were near the water
line, and were received in battle
with Admiral Kamimura's fleet off
the Asu islands, Aug. 24. The cruiser
was literally shot full of holes, and I
am confident repairs could not be
made inside of several months. The
Gromobol was also badly used up. I
secured a photograph of the Russia,
but it disappeared from my cabin in
Yokohama. The Rurik, one of the ves-
sels that captured my ship, has since
been sunk. We left Vladivostok Aug.
25."

Captain Bahe states that vessels
captured by the Russian fleet were
scuttled unless well supplied with coal.
The fleet could not afford to be encum-
bered. He talked with many Russian
officers at Vladivostok and all seemed
cheerful. When the successive Japa-
nese victories were referred to, the Rus-
sians laughed, saying the Japanese
could not always be supplied with coal.
Russia would ultimately win. At Yo-
kohama the Japanese were celebrating
the victory of Liao Yang when the
Arabia arrived. Captain Bahe says
the pageant was the most wonderful
procession he ever witnessed.

ALMOST A RIOT.

A Professional Starver at Mun-
ich Nearly Stoned to Death.

New York, Sept. 29.—A close ap-
proach to a riot has occurred at Mu-
nich, where the annual county fair is
being held, says a Times dispatch from
Berlin. A professional starver caused
himself to be immured in a tower and
could not always be supplied with coal.
Russia would ultimately win. At Yo-
kohama the Japanese were celebrating
the victory of Liao Yang when the
Arabia arrived. Captain Bahe says
the pageant was the most wonderful
procession he ever witnessed.

FARMERS SUFFOCATED.

Were Working in an Old Well
At the Time.

Vancouver, Wash., Sept. 29.—William
Ayres and James W. Hey, farmers in
Clark county, were suffocated by foul
air in the bottom of an old well yester-
day. The two men were working in
the well, when the foul air compelled
them to cease operations on Tuesday.
Yesterday Ayres discovered that he had
left some tools in the well. He went
down to get them and was half way up,
when he felt back. His wife, who had
been watching him from the top, ran
to his aid.

for assistance. Wiley and several oth-
ers responded, Wiley volunteering to
go down to rescue his friend. He se-
cured the body and it was brought to
the surface. In the meantime he had
succumbed to the fumes and when he
was finally rescued with the aid of a
grappling hook he was beyond human
aid. Both deceased were aged about 35
years and leave families.

Maj. Osterhaus Dead.

Berlin, Sept. 29.—Major Osterhaus,
whose death in a hospital in southwest
Africa from wounds has just been an-
nounced, was the son of Gen. Peter Oster-
haus, who served in the northern army
during the Civil war in the United
States, and who is now living at Bonn.
Gen. Osterhaus had two sons. The
other son is an officer in the United
States navy. The deceased major was
born in the United States.

it will prevent constipation and help

Herbine in our family for eight years,
and found it the best medicine we ever
used for constipation, bilious fever and
malaria."

Many women are denied the happiness of
children through derangement of the gener-
ative organs. Mrs. Beyer advises women to use
Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I suffered with stomach complaint for
years. I got so bad that I could not carry my children but five months,
then would have a miscarriage. The last time I became pregnant, my
husband got me to take Lydia E. Pinkham's Vegetable Compound.
After taking the first bottle I was relieved of the sickness of stomach,
and began to feel better in every way. I continued its use and was
enabled to carry my baby to maturity. I now have a nice baby girl,
and can work better than I ever could before. I am like a new wo-
man."—Mrs. FRANK BEYER, 22 S. Second St., Meriden, Conn.

Another case which proves that no other medicine
in the world accomplishes the same results as
Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I was married
for five years and gave birth to two pre-
mature children. After that I took
Lydia E. Pinkham's Vegetable Com-
pound, and it changed me from a weak,
nervous woman to a strong, happy and
healthy wife within seven months. With-
in two years a lovely little girl was born,
who is the pride and joy of my household.
If every woman who is cured feels as
grateful and happy as I do, you must
have a host of friends, for every day I
bless you for the light, health and happi-
ness Lydia E. Pinkham's Vegetable
Compound has brought to my home. Sincerely yours, Mrs. MRS.
P. WHARRY, Flat 31, The Norman, Milwaukee, Wis."
