

NEWS NOTES.

Accounts from Hungary state that there has not been such an abundant vintage for many years.

A collection of poems, essays and speeches by Oscar II, King of Sweden, is about to be published in London.

Philadelphia has seventy-four millions of city debt, and twenty-four millions of it the legacy of the last four years.

Bannister Bond is the alliterative name of the oldest man in Iowa. He is 102 years old, and voted at the late election.

The French sculptor Carpeana, just passed away, died hard; for two mortal hours he struggled for life and shouted, "Life! life!"

Booth is on the stage again, but his broken humerus is still troublesome, so that he only takes up one arm against a sea of troubles.

Dumas's play of "Camille" has never been played in England, owing to the fact that the Lord Chamberlain would never allow its presentation.

While you are trying to stir up another war just reflect that this country is already paying \$30,000,000 a year in pensions.—*Courier-Journal*.

Bismarck has the rheumatism. That is why the newspapers have been so dull lately. We are always sure of an interesting item when Bismarck is around and active.

It is said that all the principal aeronauts in America are rigid temperance men, recognizing the necessity of a clear head and a cool brain. Donaldson did not use tea or coffee, or any form of spirituous liquor.

We would like to ask, in the mildest possible manner, whether the detectives propose to leave that poor old Mr. Bender, of Kansas, out in the rude blast and chilling storms of boisterous winter, or whether they mean to take him in?—*Ex.*

Dr. W. H. Hapgood, of Blackville, South Carolina, recently lost his house by fire, and thirty of his old slaves came voluntarily to his plantation, scattered as they had been, to cut timber for him without pay, for the purpose of erecting a new dwelling.

Twenty imported wagons, belonging to merchants at Russellville, on the Little Rock and Fort Scott Railroad, were cut to pieces one night, by a body of masked men, supposed to belong to the Wagon-makers' Union, of Little Rock, Ark.

At Boston, Mrs. Peet, living in Blue Hill avenue, discovered a burglar in her house one night, and, quietly slipping out, went to the police station, a quarter of a mile away. The officers who returned with her found a burglar under the bed.

Proceedings under the Church Discipline Act are, at the request of the Bishop of Bangor, to be instituted against the Rev. William A. Roberts, the rector of Landdyfau in the diocese of Bangor, Wales, on the charge of being drunk on forty occasions.

No event in Brooklyn—unless it were the removal of Mr. Beecher himself to another congregation—could produce a more marked sensation in religious circles than Dr. Storrs' acceptance of a call to New York. Dr. Storrs is unquestionably one of the most accomplished pulpit orators in the country.

A young man named Hannan, living in Coles county, Illinois, had a tooth drawn the other week, and the hemorrhage was so excessive that he was unable to leave the dentist's office. All efforts to check the flow of blood failed, and he died.—*Indianapolis News*.

The late eccentric Marquis of Waterford offered a railway company \$5,000 if they would allow him to witness the exciting spectacle of two engines dashing into one another at full speed from opposite directions on the same line; but the company could not see the matter in a sporting light, and the offer was respectfully declined.

A man and his wife at Cleveland O., got drunk—quarrelled and fought. When peace ensued the wife got the husband to bed, administered chloroform to him, procured an old saw, and cut his leg off. Neighbors happened to come in and stop the flowing of blood so as to save his life.

Mr. George Washington Childs denies that he is responsible for the obituary poetry in his paper. He

says the poems were a feature of the paper when he bought it, and not one line of these verses is written in the office. They are printed just like any other advertisements, for money.

Dr. Charles E. Buckingham says in the *Medical Journal* that there is a foolish habit of calling every red skin scarlatina, and every little soreness of the throat diphtheria, and every little headache cerebrospinal disease; and there are men in the medical profession who encourage this habit.

Epping Forest has at length been restored to the public. Two thousand acres of land which had been enclosed and built upon will be thrown back, making the whole extent something like 5,000 acres. The large and beautiful mansions will not be removed, but a special ground rent exacted of the owners to keep the famous forest in order.

A Washington correspondent says that while President Grant can converse well, he is always willing to let his visitor do the talking, and often sits for half or three quarters of an hour listening to what another has to say without opening his lips. A patient man is our President, but he needs one of those little devices about him which informs botes that men have been talked to death.

Sir Richard Baggallay has been appointed one of the judges of the Supreme Court of Appeals, created by the new judicature act of England. Sir Richard has held many offices of trust and responsibility and is considered an able and learned lawyer. The newly created Court of Judicature, of which he has been created a judge, is to consist of five *ex-officio* judges—the Lord Chancellor, the Lord Chief Justice of England, the Master of the Rolls, the Lord Chief Justice of the Common Pleas, and the Lord Chief Baron—and as many ordinary judges, not exceeding nine at any time, as her Majesty may appoint.

For the best and cheapest Photographs, go to Sutterley's fine Gallery, next door to the Walker hotel. Photographs \$3 per dozen; melencotypes, 50cts each, nicely colored. d265

The voicing of all the stops is unsurpassed. Reliable agents wanted in every town. Illustrated price lists, circulars and testimonials sent free to all applicants. For further particulars apply to

S. MILLER & Co., Main street, opposite Post Office, w 38 SALT LAKE CITY.

IMPORTANT TO THE TRAVELING PUBLIC.

It is the duty of all persons before starting on a journey to ascertain by what route they can reach their destination with the least trouble, and if there are two or more roads leading to the same point, to decide which is the safest and pleasantest to travel.

We take pleasure in stating, that the CHICAGO & NORTH-WESTERN RAILWAY is the oldest, and several miles the shortest, route between Omaha and Chicago. Within the past two years the road bed has been put in admirable condition, and almost the entire line has been re-laid with steel rails.

The Depot in Chicago is centrally located, and as their trains arrive there thirty minutes in advance of all other lines, passengers can always be sure of making Eastern connections.

Close connections are made at Chicago with the Lake Shore & Michigan Southern, Michigan Central, Baltimore & Ohio, Pittsburg, Fort Wayne & Chicago, Kankakee Line and Pan Handle Routes, for all points EAST and SOUTH-EAST.

If you are going to Chicago, or East, you should, by all means, purchase your tickets by the Old Pioneer Route—*The Chicago and North-Western.*

You will find on all through trains Pullman Sleepers, new and magnificent Day Coaches, and the best Smoking and Second Class Cars now on any road in the United States.

Particular information, with maps, time tables, etc., may be had at any of the Through Ticket Offices in the West, or upon personal or written application to J. W. Irons, Ticket Agent, Salt Lake City, A. H. Earl, Ticket Agent at Ogden, or to J. H. Mountain, Western Traveling Agent, Omaha, Neb., or to W. H. Stennett, General Passenger Agent, Chicago. w1

\$5 to \$20 per day at home. Samples worth \$1 free. S. H. S. & Co., Portland, Maine

AYER'S
CATHARTIC PILLS,

For all the purposes of a Family Physic.

Curing Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach and Breath, Erysipelas, Headache, Piles, Rheumatism, Eruption and Skin Diseases, Biliousness, Liver Complaint, Dropsy, Tetters, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a Dinner Pill, and Purifying the Blood.

ARE THE MOST congenial purgative yet perfected. Their effects abundantly show how much they excel all other Pills. They are safe and pleasant to take, but powerful to cure. They purge out the foul humors of the blood; they stimulate the sluggish or disordered organ into action; and they impart health and tone to the whole being. They cure not only the every day complaints of every body, but formidable and dangerous diseases. Most skillful physicians, and eminent clergymen, and our best citizens, send certificates of cures performed and of great benefits they have derived from these Pills. They are the safest and best physic for children, because mild as well as effectual. Being sugar coated, they are easy to take; and being purely vegetable, they are entirely harmless.

PREPARED BY
DR. J. C. AYER & CO., LOWELL, MASS.,
Practical and Analytical Chemists.
Sold by all Druggists and Dealers in Medicine.

Ayer's
AGUE CURE,

For the speedy relief of Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, etc., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

HAS been widely used, during the last twenty-five years, in the treatment of these distressing diseases, and with such unvarying success that it has gained the reputation of being infallible. The shakes, or chills, once broken by it, do not return until the disease is contracted again. This has made it an accepted remedy, and trusted specific, for the Fever and Ague of the West, and the Chills and Fever of the South.

Ayer's Ague Cure eradicates the noxious poison from the system, and leaves the patient as well as before the attack. It thoroughly expels the disease, so that not only Complaints, Rheumatism, Neuralgia, Dysentery or Debility follow the cure. Indeed, where Disorders of the Liver and Bowels have occurred from Miasmatic Poison, it removes the cause of them and they disappear. Not only is it an effectual cure but, if taken occasionally by patients exposed to malaria, it will expel the poison and protect them from attack. Travelers and temporary residents in Fever and Ague localities are thus enabled to defy the disease. The General Debility, which is so apt to ensue from continued exposure to Malaria and Miasm, has no speedier remedy. For Liver Complaints, it is an excellent remedy.
