LOCAL BRIEFS.

Annual Reunion—The Z. C. M. L. employees will hold their annual reunion tomorrow, at Salt Lake.

Civic League Meets—The Civic Improvement League will meet this evening, in the Y. M. C. A. auditorium, to consider several proposed important improvements.

Resolutions of Respect—The Women's Democratic club adopted resolutions of respect yesterday afternoon, on the death of Susan B. Anthony, and a paper was read by Mrs. W. C. Ventresca on the Constitution of the United States. Refreshments were served.

Target Practice—Target practice has been formally opened for the season at Fort Douglas, with the new Springfield rifle as the gun which is considered as just the thing. Assistant Surgeon Keller who accompanied the battalion of artillery as far as Bitter Creek, Wyo., has returned to his station.

Secret of Success—Prof. E. L. Hewitt addressed the State University students yesterday on "The Necessity of Selecting Some Definite Purpose on Entering College, and the Application of all Work to the Accomplishment of That End." Definite purpose is the incentive to best efforts.

Business Conditions—The last issue of Duval's Review has the following to say about business conditions obtaining in this city: "Trade conditions generally are good. Jobbers report heavier sales than last year and a number of orders are coming to this market from various Nevada points that would ordinarily have gone to San Francisco. Retail trade is fairly good in seasonable lines, though the spring weather has had a tendency to retard it. Collections are fairly good and money is in fair supply."

Violent Explosion—The Salt Lake Stamp company's premises were the scene yesterday afternoon of a violent explosion. The firm maintains an air tank, from which extends a pipe to the sidewalk, where patrons are wont to pump air into their bicycle tires. The tank flew to pieces, and the concussion was so great that a plate window in the building was shattered. The report of the explosion and the sound of crashing glass could be heard for a considerable distance, and attracted many people to the scene. No injury was done by the accident to any person, and there was little damage, aside from the ruined tank and the broken window.

Received a Shock—Mrs. Emily Davidson, an employee of the American laundry on east First South street, was operating an electric ironing machine charged with 115 volts yesterday afternoon, when a flash came from the iron and Mrs. Davidson was knocked senseless to the floor. The flash set the ironing board on fire which, however, was quickly extinguished. Mrs. Davidson was found to have sustained no further damage than a burned wrist and severe shock, and was sent home, but it will be several days before she is able to return to her work. The insulation had been worn from the wire entering the iron, and a short circuit was the result.

Zion's Saving Bank and Trust Company was organized in 1873; has opened over \$2,000 savings accounts, and now opens an average of more than 10 new accounts every day. The bank is a business. Joseph F. Smith, President; George M. Cannon, Cashier.

The guests were the Misses George Savage, Marie and Nan Gibbons, Beatrice Hyde, Jean and Dorritt Hyde, Mrs. J. Canine, Mrs. David Smith, Mrs. R. E. McConaughy, Mrs. J. R. Davis, Mrs. Mark Reddick, Mrs. Percy Sadler, Mrs. J. W. Ensign and Mrs. A. E. Hyde.

DR. FRED CLIFT IS PRESIDENT.

Chosen for That Position in Utah State Medical Association.

DR. ELLERBECK, SECRETARY.

All Members of the Standing Committees of Organization Were Re-elected—Dr. Root Makes an Appeal.

Aside from some very interesting papers being read and discussed at the closing session of the Utah State Medical association yesterday afternoon, officers of the association for the ensuing year were chosen as follows: Dr. Frederick Clift of Provo, president; Dr. A. C. Behle, Salt Lake, first vice president; Dr. E. M. Conway, second vice president; Dr. W. S. Ellerbeck, Salt Lake, secretary; Dr. J. N. Harrison, Salt Lake, treasurer. All of the members of the standing committees of the association were re-elected, thus making no changes in the personnel of those committees.

Former President Dr. E. F. Root made an appeal in behalf of the Salt Lake County Medical society and the Utah State Medical association, and urged the members of the association to support the resolution introduced by the house of delegates appropriating \$200 for the relief of the physicians. The resolution was adopted and the money appropriated by the association. An appropriation of \$50 was made for the Dr. N. S. Davis memorial. Dr. Davis was the founder of the American Medical association.

BANQUET LAST NIGHT.

The physicians were banqueted at the Commercial club last evening by the Salt Lake County Medical society and a very enjoyable evening was had. Dr. E. W. Whitney acted as toastmaster and the following toasts were responded to: "The Line of Demarcation," by Dr. J. E. Scallion; "Osteitis," by Dr. C. S. Smiley; "Our Ethical Advantages," by Dr. Munroe; "Medical Education," by Prof. R. V. Chamberlain of the University of Utah; "Good Fellowship," by Dr. Smith; "These Later Days," by Dr. W. F. Beer; "The Absent Ones," by Dr. W. A. Wade; "Lights and Shade," by Dr. George Baker; "Some Patients I Have Known," by Dr. H. S. Allen.

The new president, Dr. Clift, made a speech in which he suggested that a special meeting of the association be held in the near future for the express purpose of considering much needed medical legislation by the next Legislature. The suggestion will no doubt be acted upon favorably.

SCIATICA CURED AFTER TWENTY YEARS OF TORTURE.

For more than twenty years Mr. J. B. Massey, of 2222 Clinton St., Minneapolis, Minn., was tortured by sciatica. The pain, which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of that liniment relieved the pain and made sleep and rest possible, and less than one bottle cured him of a permanent cure. Mr. Massey relates his experience for the benefit of others who may be similarly afflicted. If troubled with sciatica or rheumatism, why not try a 25-cent bottle of Pain Balm and see for yourself how quickly it relieves the pain. For sale by all druggists.

ESCAPED THE FIRE.

Salt Laker Who Has Store in San Francisco Continues in Business.

Alex. Sutherland, at one time an employee of Auerbach Bros. of this city, now the proud possessor of the largest general merchandise store in San Francisco. It is located on Mission street and escaped the big fire and earthquake. In a letter from Mr. Sutherland received by W. H. Hunsberger, chief clerk of the B. & O. Grant, who is now doing a big business in a locality since swept by the flames. Mr. Sutherland, who is a brother-in-law of E. W. Wilson, left Salt Lake some years ago and started in business in Missouri, where he made about \$20,000. With his capital he returned to Salt Lake with the object in view of setting up a business here, but later concluded that the coast afforded better advantages.

MADE HAPPY FOR LIFE.

Great happiness came into the home of S. C. Blair, school superintendent, at St. Albans, Vt., when his little daughter was restored from the dread complaint he names. He says: "My little daughter had St. Vitus' Dance, which yielded to no treatment but grew steadily worse until as a last resort we tried Electric Bitters, and I regret to say, three bottles effected complete cure." Quick, sure cure for nervous complaints, general debility, female weakness, impoverished blood and malaria. Guaranteed by Z. C. M. L. drug store, 112-114 So. Main St. Price 50c.

HIGH SCHOOL ALUMNI.

Meeting Held Last Evening in Library Building—Speeches and Music.

A meeting of the High School alumni was held in the lecture room of the Packard library last evening. There were about 150 persons present, and they were entertained with speeches suited to the occasion and a musical program. President Edgar Rogers presided over the meeting, and he gave a summary of what the association proposes to do in the interests of the High School.

Speeches were made by Principal Geo. A. Eaton, J. Fred Givins, A. J. Elder, and William McGee. Prof. Eaton told of the inadequacy of the present high school buildings, and urged the alumni members to use their influence to secure larger and better structures. He said that from 30 to 35 students would be turned away from the High School the coming year owing to the lack of facilities.

The alumni will give its annual reception to high school graduates at the assembly on June 5. A dance will follow the reception, thus departing from the custom of providing a banquet.

NOT IF AS RICH AS ROCKEFELLER.

If you had all the wealth of Rockefeller, the Standard Oil magnate, you could not buy a better medicine for bowel complaint than Chamberlain's Colic, Cholera and Diarrhoea Remedy. The most eminent physician can not prescribe a more reliable remedy for colic and diarrhoea, both for children and adults. The uniform success of this remedy has shown it to be superior to all others. It never fails, and when reduced with water and sweetened, is pleasant to take. Every family should be supplied with it. Sold by all druggists.

Strength and Endurance

Are factors of the greatest success. No person can do full justice to himself without them.

In no season of the year are they more easily exhausted than in the spring.

We need not discuss the reason for this here. It's enough to say there is one, and that Hood's Sarsaparilla gives strength and endurance, as thousands annually testify.
