O. W. Nyberg is Wanted Also for Getting Goods and Money On Bogus Checks.

FUNERAL OF MISS PHILLIPS.

Impressive Services Over Remains of Esteemed Young Woman—Burial of Grant Patterson.

Ogden, April 18.—The whereabouts of O. W. Nyberg is being earnestly sought by Sheriff Sebring and his deputies and it is found will have several charges of obtaining money and goods under false pretenses brought against him. According to the information given the officers Nyberg, who has been conducting a small confectionery store on Washington avenue, last Saturday secured a number of blank checks which he filled out for various amounts ranging from \$15 to \$21. He then visited several general furnishing stores and bought small amounts of clothing and presented in payment a check, on which he received several dollars in change and in his way it is believed he obtained a good sum of money. He then left Ogden, and deserted his family and business. In order to protect themselves some of the creditors employed Atty. Gideon who prepared attachment papers and attached the stock of goods, but later in the day it was found that the goods were mortgaged to a man in Salt Lake City, hence the attachment will be of little value. Nyberg's family claim to know nothing of his whereabouts at the present time. The discovery of his passing the worthless checks was not made until the past two days when they were refused at the bank.

BIG DAMAGE SUITS.

The \$25,000 damage suit prepared by Agge & McCracken against Mrs. E. Neesley et al. against the Southern Pacific company, has been filed. The complaint sets forth that Jan. 14, 1907, plaintiff's husband, Frank Neesley, was employed by the defendant company as locomotive engineer, and through the negligence of the railroad company to keep its track near Garity station in proper condition, in which to run such heavy engines as it runs, the plaintiff's husband was killed in a wreck, that to keep up 11 miles of track only a foreman and five men were employed.

Three similar suits will be filed to recover damages for others who were killed in the wreck. The first of the suits is a \$20,000 damage suit against the Union Pacific Coal company. The complaint charges that Dec. 11, 1905, plaintiff was employed in defendant's mine No. 2, at Rock Springs, Wyoming, and while going down one of the shafts, the roof caved in and crushed his left leg badly, all to his damage in the sum mentioned.

SHORT TALKS BY L. T. COOPER.

Chronic Cranks.

We all have met people who are continually kicking. Life seems a terrible thing to them. They seldom smile. Something dreadful is going to happen, nothing is ever just right, and they grumble and fret and complain from morning till night.

Their trouble seems to be just a bad disposition but this is seldom so. In most cases there is one of two things the matter with them; either their nerves or their digestion is responsible. Both come from the same thing—stomach trouble. A man or woman whose nerves are tied in knots is bound to be a miserable poor company. The same thing is true if what they eat don't digest properly. No wonder they grumble! I don't blame them.

I have seen Cooper's New Discovery change the whole disposition of people in a month's time simply by getting their stomachs in shape again. Even the expression on their faces was altogether different. The worried, tired, fretful look changed to a peaceful happy expression and the lines of care disappeared altogether. Many people tell me about this in letters. They seem to think it a miracle. It isn't. It's just the stomach working again.

Here's a case of the kind. "I suffered with my stomach for 13 years. Nothing I ate seemed to digest. I also had chronic constipation, and was tired, dull, irritable and despondent all the time. I found it difficult to attend to my duties as traction agent at this place.

"Six different doctors treated me and all gave different opinions. "I began taking Cooper's New Discovery, and to my surprise it helped me. I had lost 100 pounds in three weeks and am feeling fine. My work now is a pleasure, where before it was a drudgery. J. R. Smith, Cleona, Ind.
