Get My Book, if Sick. Don't Send a Penny.

Don't send a penny. Just wait till you see what I can do. Let me take the risk. Let me prove up first what Dr. Shoop's Restorative can do. The Restorative will gain your friendship, your endorsement, if you test it. For a whole month you can use it without the slightest risk. I will tell you of a druggist near you who will furnish six bottles of Dr. Shoop's Restorative a month on trial. I will absolutely stand all the cost if it fails to do what I claim. It ends it as far as cost to you is concerned. Do you understand me? I am willing to stand, as clearly as I can, I want you to know absolutely and without doubt that this offer is made on honor. I have the prescription that cures. My only problem is to convince you that Dr. Shoop's Restorative will cure—is an uncommon remedy. A common remedy could not stand a trial like this. It would bankrupt the physician making the offer. And I am succeeding everywhere and here is the secret of my success. I found invariably that where there were weak nerves, the inside nerves were weak. Where there was a lack of vitality, the vital forces in the body were weak. Where Dr. Shoop's Restorative was used, the inside-invisible nerves. This was a revelation. Then my real success began. Then I combined the restorative with the tonic, and the result was a restorative. It is known the world over as Dr. Shoop's Restorative. Thousands are accepting my offer and only one in each forty writes me that my remedy failed. Just think of it. 37 out of 40 get well and these are difficult cases. And the fourth has nothing to say. That is a record I am proud of. It is wrong to say that you have a chance like this is open. If well, you should tell others who are sick of my offer. Don't let a sick friend stay sick because he knows not of my offer. Tell him. Get my book for him. Do your duty. You may be sick yourself, someone, sick people all around you. They appreciate sympathy and all you need to do is to tell them. Let me cure him. Then he will show his gratitude by writing you and sending you a testimonial. Send for the book now. Do not delay. Address Dr. Shoop, Box 873, Racine, Wis. Mild cases, not chronic, are often cured with one or two bottles. At druggists.

FAITH VS WORKS.

Dr T. B. Beatty Brings Back a Rain Story From California.

Secy. T. B. Beatty of the state board of health has returned from California where he left Mrs. O. J. Hollister, steadily improving in health. The doctor remarked on the proposition by cattle owners in southern California to ship their halfstarved stock into this state in order to save them; and will advise the governor that under suitable inspection provision and quarantine regulation this might be permissible for say 30 days. But southern California cattle have been infected by tick, and great care will have to be exercised. Dr. Beatty said that just before the recent fall of rain in southern California, there was a united effort in prayer for relief from the churches, and at the same time a professional rain maker was hired for \$50 to go out into the hills and "make rain." Now just how to decide whether it was prayer or the rain maker that brought the rain is what is bothering the Californians.
