The branch office of the Deseret News in Ogden is at No. 600 Twenty-fourth street, where advertisements and sub-criptions will be received. The News is delivered by carriers in Ogden every evening on the same terms as in Salt Tranted the privilege of becoming citi-Lake City.

vs Frank A. Preston, the testimony of the plaintiff and other witnesses was heard and a decree of divorce was granted as prayed for, the plaintiff was given the custody of the minor children, three boys and two girls.

from death, says: "Exposure after measles induced serious lung trouble, In the matter of the adoption of the three-months-old child of Emma Wilson, by permission of the court, Olaf Anderson and his wife Jennie adopted the child.

Ezra Huntsman and his wife, Mary, adopted the one-month'stold baby boy, John Doe,, by consent of the court. The babe adopted is the little child which was left on the door step of Mr. and Mrs. Huntsmen on the night of May 1900, it is growing fine; who the parents of the little one are has never been

The hearing in the Barker estate matter was continued until tomorrow.

ANOTHER SALOON BRAWL.

Yesterday morning another saloon brawl took place on lower Twenty-fifth street, in which a man named Reddy got a deep slash on the chin from a knife in the hands of an old man named 1900, in the 64th years of his age. A. A. Player, whose home is in Terrace, The cause of the trouble seems to be a mystery, only that the two men had been drinking and got into the scrap which lasted only a few seconds. Dr. Coulter was summoned and dressed the wound and sewed it up, and as to whether Player will be placed under arrest is not known.

DASTARDLY OUTRAGE BY TRAMPS

A most dastardly outrage was committed by five tramps yesterday upon the persons of Clarence Turner, Frank Wilson and Robert Danley, boys about twelve years of age. The police were notified by the lads, of the crime and a discription of the men was given, as'a result of which three of them are under arrest, they give their names as Frank McCornick, George Powers and Fred Witson, the police are scouring the town

for the other two, and every effort is be-ing put forth to get them. The boys have identified two of the men arrested as being guilty of the crime, but they Rheum, are not so certain about the other one

pipe and the esophague had been sev ered, but the jugular vein had been missed. Immediately they began to sew the two parts of the esophagus to gether, but as the windplpe could not be connected with the larynx a hole had to be left in the side of the throat through which to breathe. In this conlition he now lies, having no use of

his volce ship appeared in court and were granted the privilege of becoming citi-zens of the United States of America. Nothing can be learned of the man's past life, but since being here he has become very despondent and it is sup-posed while in this condition he comabout three-fourths of them were Italmitted the rash act. He is about 66 years old and has been in the county ians and Austrians. Three or four Italians declared their intention to bepoor house about three weeks. Court adjourned at 10 p. m. to meet this evening at 7:30 p. m., when it is expected that another batch of Italians SUDDEN DEATH.

Ann Foster Oatler, the wife of David Ostler, died very suddenly at 12 o'clock last night. The deceased was 68 years Tom Dilley, for whom the officers of Grand county have been looking for some time, charged with assault upon Sam Jenkins with a was the mother of eight children by her former husband and two by her last husband, David Ostler. She was afflicted with hemorrhage of the brain bout a week ago, but was thought to leadly weapon, came into Price this be recovering, when she was suddenly stricken by heart failure. Not even her afternoon and surrendered himself to

Sherift Allred. He employed L. R. Rhoades and M. P. Braffett as his losest relatives had time to be at her bedside, and the news will be a great shock to those who left her, as they ounsel and was taken before District thought, on the road to recovery a week 820. next term of the district court at Moab and fixed his bonds at \$2,000, he to ap-SERIOUS STABBING AFFRAY. Samuel Ferries, after imbibing quite

pear the first day of the district court freely yesterday, went to the home of his father-in-law, John Warwood, last upon the above charge or any other charges that might be brought up night, and by words and actions infuriagainst him. He at once set out to seated the latter until he received a ghastly cut about two inches long becure his bondsmen, which he had lit-tle difficulty in doing, and the prisoner was released. The bondsmen are J. M. Thomas, Jack Egan, J. T. Nichols, L. M. Olsen and Ike Glaser. tween the ribs. After the wound had been dressed he rested quietly and hopes of his recovery are entertained.

up from Mexico, from our new colony, (Batapito) Sonora, Mexico, at the request of President A. W. Ivins and to answer the many questions that are being asked about our new possessions in that land, I write you this article. Your readers have already had an account of the visit of our Stake presidency and Apostle Woodruff to our colony last December, the dedication of the land for a resting place and a refuge for the Saints; and also for the building of a temple, etc.; and of the organization of a branch of the Church there. So I will not repeat those events in de-

First, then, a brief description of our purchase. It is about seventy-five miles south, and a little east of Bisbee, Arizona. With an excellent wagon road from Bisbee all the way down the val-ZION'S SAVINGS BANK ley. We are located where the Batapito creek joins the Bavispl, or upper Yaqui river. We have access to the waters of both streams for our town and farm land? We estimate that we have on the two streams about 4,000 acres that can be farmed, and we believe we can furnish good homes for 150 or 200 families, From 15 to 30 acres of land is a good sized farm in that country, as two grops can be raised every year on the same land, and alfalfa can be cut five or

The land will produce in abundance wheat, barley, millet, alfalfa, corn, beans, melons and all kinds of garden vegetables; all kinds of grapes, apples, peaches, plums, cherries, figs and many other kinds of fruits. On the purchase we have all kinds of soil from heavy clay loam to the lightest sandy loam. There is ample water for raising two crops a year. We have plenty of the best of fire wood on the land, as much of it has to be cleared of trees. We also have in the purchase about 6,000 acres of excellent grazing land, with plenty more all around us for sale or lease We have plenty of good building stone and stone for lime making; good

nurnoses but timber. Our nearest good

Good Crops and General Prosperity -Opening for a Cannery.

Special Correspondence, Calneville, Wayne county, June 25 .-We have been having some very warm

weather of late. Gardens are well ad-vanced. We have green peas, new potatoes, currants, goseberries, etc. Cher-ries are things of the past. Prospects are good for crops in this part this year. Considerable money is being brought in this part by the mines on the Colorada river, about eighty miles distant from The health of the people was

better Mr. Walter Jeffrey and family were in town last week visiting relatives and

friends. Mr. A. C. Gibbons was in town the other day for the purpose of letting con-tracts for the delivery of thirty tons of hay to the Colorado river, which Hanks Bros and Enoch Larsen will fill. We anticipate having a fine time for the 24th of July, at least a fine pro-gram is being prepared.

This place offers a fine opening for some one to come in and build a small canning factory, as many tomatoes are raised and considerable fruit, etc. lucern crop is far ahead of last years' the first crop is all in the stack,

NEPHI.

ATTEMPTED SUICIDE.

John Kirsh, an Inmate of County Infirmary, Cuts his Throat.

Nephi, Juab County, June 27 .- John Kirsh, of Eureka, an in mate of the county infirmary, attempted suicide here by cutting his throat from ear to ear with a razor about 7:39 o'clock this morning. Thomas Hughes, his room

part of the country, we have had no rain for many weeks, but we have plenty of water for irrigating so far, that. and the grain crops look well, and bid fair to yield a bounteous harvest.

A PROSPEROUS COMMUNITY. While not inclined much to boasting, we believe that there has been more

mone; handled in Franklin this year than in all the towns of Oneida county put together. There has been no less than sixty thousand dollars worth of wool shipped from Franklin by Franklin sheep owners, T. C. and F. C. Parkinson alone have shipped forty thousand dollars worth of wool, besides cattle, hogs, etc., that have been shipped from here, and there is much

wool here not sold yet. Merchants are doing a lively business, as considerable money has been circulated by the sheep men, and other stock dealers The Oneida Mercantile Union is doing

an immense business. They also have a fine creamery that makes some of the best butter and cheese that can be found in America. The manager, Mr. William Kirkup, carries a gold watch

that was given him by the dairymen's association at their recent gathering in Salt Lake City, as a special prize for superior cheese. But the grandest feature of this institution is, that on the 25th of every month in the year \$1,600 in cash is paid out to farmers for milk. Moses Thatcher, Jr., is manager of the

O. M. J. J. Hill a couple of years ago was burned out. He has now an immense stock crowded into his temporary store, and his large business requires a build. ing treble the size he now occupies. The farmers of northern Utah and

southern Idaho are putting most of their irrigated land and much of their dry farms down to lucern. Sheep and dairy cattle convert these thousands of of hay into readler cash than wheat.

Farmers are fast learning that the cow and the hen are much more profit-able than so much wheat, and have the advantage of bringing in ready money every month in the year. There is an-other fine feature about this cow and hen business, the labor is light and aged and infirm people, who have any ambition at all, can make a respectable

living in the country, and thus have no occasion to depend upon others. Franklin has two flowing wells, but S. C. Parkinson, Esq., has the boss well: it is about ninety feet deep, and has a constant flow of 55 gallons per minute. A gentleman named J. J. Flack, re-siding northeast of here, raises the

largest strawberries ever seen here; six eighed nine ounces. Franklin is making elaborate preparations to celebrate the nation's birth-day. If they carry out the program it will keep the town busy all day. Their celebration is of the honored old time style, and consists of everything except the barbecue.

NARROW ESCAPE FROM DEATH. Last Thursday Samuel R. Parkinson's ion Clarence came near being killed by a hay pole. He was putting up hay when one of the ropes broke and the long, heavy pole of the derrick fell and

struck the young man on the face and He was unconscious for about chin. two hours.

Unnecessary Loss of Time. Mr. W. S. Whedon, Cashler of the First National Bank of Winterset,

lowa, in a recent letter gives some experience with a carpenter in his em-ploy, that will be of value to other me-chanics. He says: "I had a carpenter working for me who was obliged to stop work for several days on account of being troubled with diarrhoea. I mentioned to him that I had been simi-

larly troubled and that Chamberlain's Colic, Cholera and Diarrhoea Remedy had cured me. He bought a bottle of it from the druggist here and informed me that one dose cured him, and he is again at his work."

OGDEN EXCURSION.

Round Trip Only \$1.

saw timber is forty miles away, but we have a good wagon road all the way to Fourteen miles south of us are some

very rich silver mines. The ore when shipped to the United States line is worth \$80 per sack of 100 pounds. The ere is packed on burros to our town and hauled from there to the United States line by our teams, giving us the receiving station and the hauling. The mines Joseph F. Chas. S. I also give us a good market for our products (as at present they cannot be worked to their full capacity for the Wm. B. Preston.

lack of farm products for the men, all of which comes from southern Califor nia on which heavy duty has to be We now have one canal completed

from the Bavispi river, which covers a few blocks of the town and about 500 acres of farm land. We believe that we have done better than any colony that has left Utah to finish so large a canal and raise a crop the first year. The first colonists drove on to the pur-

chase the 19th of January last. The climate of our place is very even compared with Utah. Last winter was the coldest known there and yet the ice on standing water never got thicker than a window pane. The thermometer going no lower than twenty degrees above zero, and when I left, about the fst of June, it had never been higher than 90 degrees in the shade

paid.)

May and June are the two driest and hottest months in the year. The rainy season begins in July and then the emperature goes down to about September weather in Salt Lake or Utah ounties and remains so till Christmas. There are now about twenty families epresented on the ground, so we have oom for quite a number more of good Latter-day Saints. We mean by that those who can get recommends, who are earnest, faithful, progressive men

and women. The authorities here have decided that a recommend with a good standing and full fellowship lines left blank is no recommend at all. We want none but those who have good recommends.

Those who come properly mended can get land on the following terms: Those who cannot pay down for their land or lots can have whatever time they may need by paying ten per cent interest on the purchase price from last November till paid can work on the remaining canals for water right or buy from those who have to sell in the canal already made. Price of land as follows: Farm land from \$3 to \$6 per acre, grazing 25 cents, city lots \$10 to \$15 each.

As I am now in Utah for the purp of taking a company down in the fall, I will give a few instructions to those who may desire to go. First, yau must get a notary public to certify that you are a good citizen of moral character and that it is your intention to be come a colonist in Mexico, then send it to the secretary of state (of the State you live in) and have it certified to by Then make out a list of articles van desire to take with you as a colonist (here) naming the number of horses wagons, farm implements, house-hold goods, provisions, etc. This with your certificate, you must send to Henry Eyring, Colonia Juarez, Chihuahua, Mexi-co, asking him to forward same to city of Mexico. State on your paper at what custom house you wish to enter if you go by rail (which is far the cheapest from this far north) go to El Paso. If by team go to Morita, south of Bisbee

Arizona, These papers should be sent in at least two months before the colonist leaves his home We expect to leave here early in Octo-

ber with a company, going by rail to El Paso. All who desire to go in that company if they will write me (with stamp) I will send them the form of certificate or give them any further information they may desire. They must state in their letter standing in the Church

And now in conclusion, let me say to all those who have good homes in Utah (or other States) and who are satisfied with conditions surrounding them, stay where you are, but to those who need homes and feel that they can't
