FLORENCE

SEWING MACHINE

In point of labor, there is the same difference between threshing with a flail, or using a Threshing Machine, that there is between sewing by hand or using a good Sewing Machine.

Inventive Genius gave to man
Things pleasing to the sight,
And such as man has often wished
Would make his labors light:
Then turned to woman with a smile,
And made her heart rejoice,
For she in every household sings
Its praises with her voice.

'Tis the song. 'Tis the song,
In every house wherever 'tis seen,
There's a song. There's a song,
Of the beautiful Florence Machine.

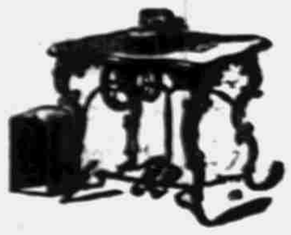
When woman toiled for daily bread,
From early morn till eve,
How many eyes were dimmed with tears,
How many hearts did grieve?
But now she has her "household pet,"
And one to which she'll cling,
For labor is a pleasure now,
And she can toil and sing.

'Tis the song, 'Tis the song;
In every home wherever 'tis seen,
There's a song, There's a song
Of the beautiful Florence Machine.

In every home, in every land,
Its praise is sung aloud,
It works alike for rich and poor,
The humble and the proud;
It is the pride of every heart,
And every woman's care,
"God bless the Florence Company,"
Is in every woman's prayer.

'Tis the song, 'Tis the song;
In every home wherever 'tis seen,
There's a song, There's a song
Of the beautiful Florence Machine.

FLORENCE



SEWING MACHINE.

"Owing to rapidly increasing business, the Florence Company are now working two hours over time, running twelve hours daily. Until the completion of additions, which are now in progress, to their large factories, their agents are compelled to await their turn, as incoming orders are registered and filled in the order of their receipt."

Northampton (Mass) Free Press.

Refering to the above, the Branch office of the Florence company, beg leave to ask the indulgence of those admirers of the Florence, whose orders are now on file at the Salt Lake office. We hope by the 1st of March, to again offer a full supply of the various styles of these popular Machines.

CHAS. S. HAMMER, Gen'l Agent

The Florence Sewing Machine, has no fancy combinations or other complicated attachments, it has no uncertain wire coils or wire levers. Its manufacture is conducted by a thoroughly **RESPONSIBLE COMPANY**, and in purchasing a machine you need have no fear of ever being unable to purchase needles and other findings. The Florence is the **ONLY COMPANY** that keeps its machines in repair free of charge, no matter when sold or where. It is our ambition to have every Florence Machine give entire satisfaction.

The Florence lays no claim to cheapness, we aim at perfect finish, every machine goes through the company's adjusting room, and must then pass the Inspector's office, before going out to Agents; the least inaccuracy will condemn it.

They are probably the highest priced Machine in the American market, and being built of **HARDENED STEEL** by **SKILLED WORKMEN** aided by all the appliances that capital can bring to bear, it is offered at a price commensurate with the value of the article, and can be brought into about as honest comparison with its numerous **CAST IRON** competitors as a watch from Jurgenson or Jacot, may be compared with the Nickel or Oxide offerings of a Chatham Street Mock Auctioneer.

It is a growing knowledge of these facts that has gained favor so steadily for the Florence Machines, and made them the Universal favorites, wherever prejudice is laid aside and honest comparison made.

That very excellent authority the American Institute, New York, awarded the **FIRST PREMIUM** to the **FLORENCE** over **Thirteen Competitors**, and in their report the committee very tersely remarked, **"This is better than any of its class known to the Judges."**

It may be proper to remark here that the Florence Machine of the present manufacture is vastly improved, and the first of these Improved Machines ever offered in Utah are those sold at the Branch Office at Salt Lake. Among the recent purchasers from this office, we beg leave to refer to the following parties:

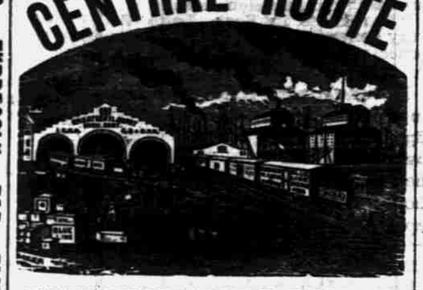
RAILROADS.

GREAT CENTRAL ROUTE



THE MICHIGAN CENTRAL RAILROAD

AND CONNECTIONS

Unite in running **FOUR EXPRESS PASSENGER TRAINS DAILY** between Chicago and New York, Boston, and all intermediate points in New England, New York and the Canadas.

The renowned **Pullman Palace Sleeping Cars** are run on this line, exclusively, from Chicago east, and are fully supplied on all night trains.

The famous **PULLMAN HOTEL CARS** leave daily on evening trains running directly through to Rochester, N.Y., without change.

The passenger equipment of this line is unequalled by any other in the country, and will be found by patrons to possess all the requisites of **"SPEED, COMFORT and SAFETY."**

Connected with the

GREAT CENTRAL ROUTE

IS ALSO

The Blue Line

Established January 1, 1867, for the carriage of

Through Freight without Transfer

This Line is owned and operated by the Michigan Central; Illinois Central; Chicago, Burlington and Quincy; Chicago and Alton; Great Western of Canada; New York Central; Hudson River; Boston and Albany; Providence and Worcester; Worcester and Nashua; Housatonic; and Jackson, Lansing and Saginaw Railroads.

THE "BLUE LINE"

Is the only route that offers to shippers of freight **the advantage of an unbroken guage of track** from Chicago and the Mississippi river to the Seaboard, and is of the

SAME GUAGE AS THE UNION PACIFIC,

over which these cars will run on completion of that road.

THE BLUE LINE CARS

Are ALL OF UNIFORM BUILD, thus largely essening the chances of delay from the use of cars of a mixed construction, and the consequent difficulty of repairs while remote from their own roads.

The Blue Line is operated by the Railroad Companies who own it, without the intervention of intermediate parties between the Roads or Line and the public.

The facilities of the Line for making uniformly quick time are unequalled.

All claims promptly settled on their merits.

Freight contracts given at the offices of the Companies in New York, Boston, &c.
