**SELF-EVIDENT.**—If two cans are of the same size and both are full, it is self-evident that one contains as much by measure as the other, although one being filled with heavy substances may weigh many ounces more than the other. Now, as Dr. Price's Cream Baking Powder is put up in cans as large, and hold as much by measure, as other kinds, and as baking powder is used by measure (teaspoonsful), and not by weight, if all were of the same strength, one would go as far as the other; but as Dr. Price's is as effective, by using two teaspoonsful as most kinds are with three, then it is self-evident that there is one-third saved in using his powder. Housewives will find that, aside from its excellence and healthfulness, two cans of Dr. Price's are equal to three cans the same size of the weighty kinds. A trial will prove this, and also that Dr. Price's True Flavoring Extracts are the most natural and delicate flavors made.

**Meetings.**—Religious services to-morrow afternoon and evening, at the usual hours, at the various ward meeting houses.

**Home missionaries** will visit and preach in the following wards, in the evening.

**Second, Fourth, Fifth and Sixth, Eighth, Tenth, Twelfth, Sixteenth and Twentieth.**

**There are messages** at the Western Union Telegraph office for O. R. Smith, Mrs. Emma Williams, and Dr. F. F. Rowland.

**Fine Salmon.**—Everybody seems to be feasting on salmon now-days, and no wonder when it can be had at from a dime to a bit a pound. We shall all become epicures at that rate.

**Alert Hose Co.**—Members are requested to attend the regular monthly meeting at Fireman's Hall at 7.30 p. m. to-night.

**By order of Foreman.** JNO. W. SNELL, Secy.

**Monroe.**—From Brother Thomas Cooper, of Monroe, Sevier County, we learn that matters in that settlement are progressing satisfactorily, and that most of the people there are in the United Order, which operates to the general satisfaction of those connected with it.

**Will Probably be Discharged.**—Some parties from Sandy made depositions before Justice Pyper to-day regarding John Archer, one of the parties arrested in connection with the notorious "Dublin," on a charge of burglary, in breaking into Mr. P. Margetta's saloon. The depositions indicate an alibi in the case of Archer, and it is probable that he will be discharged.

**Personal.**—Mr. Philip S. Miller, of the firm of Miller and Smith, railroad iron and equipment merchants, of New York, made us a brief call this morning. This is Mr. M.'s first visit to Salt Lake, where he has been passing the last week or two, on pleasure and business bent. Now that he is so far across the continent, he designs to continue the journey to San Francisco, previous to returning to New York. We wish him an agreeable trip to the Pacific and back.

**A Caution.**—This morning, while passing up North Temple street, we saw two little boys between four and six years of age, earnestly stepping along the rocks of the aqueduct, 'close down by the water's edge, picking off some of the flowers and grasses that spring out from between the rock joints. The slipping of a foot or losing balance for a moment would certainly have precipitated either of them into the torrent, from which it would have been almost superhuman to get him out alive. While the high waters continue, parents should keep a special watch upon their little ones in that locality.

**Agreeable.**—The cool weather of to-day and yesterday, with the thermometer about 60, is an exceedingly agreeable variation from the semi-tropical heat of the few days immediately preceding, when the mercury seemed eager to revel in the eighties. The few meagre attempts to rain, however, have had no perceptible effect yet in moistening the soil. After a few days more, rain will be considered one of the most desirable things in the meteorological line.

**Miss Powell.**—We are requested to state, in behalf of Mr. Lewis Powell, that he fully appreciates the numerous acts of kindness shown himself and afflicted relatives by their many friends in this city since the death of his beloved sister, Miss Jennie Powell. He desires to return sincere thanks to all, for the same, and especially to Mr. and Mrs. A. Godbe, for their prompt action and untiring efforts in making necessary arrangements for the burial, etc., in the absence of the relatives of the deceased, and for the generous offer to defray all expenses of the same, but which Mr. Powell assumed immediately upon his arrival in the city.

**Young vs. Young.**—The defendant in this case appeared in the District Court this morning, D. P. Lowe, C. J., presiding, by his attorneys, Messrs. Hempstead, Williams and Sheels, in answer to an order of Court, summoning him to appear and show cause why he should not be attached and held to answer for his alleged contempt, in having failed to comply with that part of an order of Court which required him to pay to the plaintiff in the suit \$9,500, as alimony pendente lite.

**Mr. Williams** read an answer to the order, which asked for discharge on the grounds that the Court had no jurisdiction of the subject matter—either the suit or the order, and that the defendant had taken an appeal from the order to the Supreme Court of the Territory, and had filed a competent undertaking therefor.

**Messrs. Tilford, Hagan and McBride** appeared for the plaintiff, the first named of these gentlemen opening with an argument for the order. At the conclusion of the argument on the part of the plaintiff, Court took a recess till half-past one, when the argument for the defendant was to commence.

**Zeta Gamma Society.**—At a meeting of this Society last evening, in the University building, Dr. Park was the recipient, as a testimonial of their esteem, of an elegantly framed and ornamented group of photographs of the nineteen young gentlemen composing the Society. The presentation was accompanied by a short and appropriate address, which was read by Mr. John T. Caine, Jr. The affair was a complete surprise to Dr. Park, whose response was too full of emotion to partake much of the profusion of words.

**The subsequent exercises** consisted of select readings, dialogues and compositions, all evincing thought and expanding conceptions of the rules of rhetoric. The Zeta Gamma was organized some three years since for the benefit of the students of the University, and under the direction of Dr. Park.

**Governor Axtell** and Judge Sutherland, with other citizens, who were present, at the request of the chairman of the evening, Master Horace K. Whitney, made short addresses, which were both enlivening and instructive.

**The occasion** is an unusual one, the programme is a "monster" one, the course of performance, histrionic, terpsichorean and musical, a numerous, talented and volunteer one, and the house, it is fully anticipated, will be a crowded, fashionable, intelligent, good humored, and highly gratified one.

**The Fourteenth Infantry Band** from Camp Douglas, under the direction of Prof. La Mar, will perform outside of the Theatre the following choice selections—Grand Medley, Overture, "Poet and Peasant," and "Blue Danube Waltz."

**The Theatre Orchestra**, greatly enlarged for the occasion, will perform Grand Overture, "Calife de Bagdad," Cavatina, from Donizetti's "Anna Bolena," Cornet Overture by Mr. Mack Croxall, Cellistenist Polonaise, and Elise Waltz.

**The Fourteenth Infantry Band** will perform, on the stage, a grand selection from Plotow's opera of "Martha."

**The popular comedy** of "The Serious Family" will follow, with "Aminadab Sleek" (No. 1) Mr. John C. Graham, (No. 2) Major H. C. Goodspeed, (No. 3) Mr. John T. Caine, Mr. Marden as "Captain Murphy Maguire," Mr. Forster as "Charles Torrens," Mr. Wilton as "Danvers," Miss Walters as "Mrs. Ormsby Delmaine," Mrs. B. Douglas as "Lady Sowerby Creamly," Miss D. Clawson as "Mrs. Charles Torrens," Mrs. Marden as "Emma Torrens."

**Next comes a Grand Olio** as follows—1. Ballad, "Come into the Garden, Maid," by Miss Marietta Jacobs.

**2. Scene** from "King John," "King John," Maj. H. C. Goodspeed; "Hubert," Col. J. P. Page; "Arthur," Miss Edith Clawson; "Faulconbridge," Mr. L. Paul; "Elmer," Miss S. Napper.

**3. Ballad**, "The Lover and the Bird," by Laura Marie Stevenson, with piano accompaniment by Mr. Jos. Daynes.

**4. Song and dance** by Mr. G. W. Ratoliff.

**5. Duet**, "Larboard Watch," by Mr. P. Margetta, Jr., and Mr. O. F. Whitney.

**6. Ballad**, "Little Bright Eyes," by Mr. J. P. Page.

**Will You Miss Me,** by Mr. J. F. Hardie, with piano accompaniment by Mr. Jos. Daynes.

**7. Scottish bagpipes**, (in costume,) by Mr. W. C. Dunbar.

**8. Scene** from "The Lady of Lyons," "Pauline," Col. J. P. Page; "Claude Melnotte," Major H. C. Goodspeed.

**The whole programme** will constitute an entertainment of the most varied and interesting character, heartily enjoyable to all, and long and pleasantly to be remembered.

**Performance commences** at eight o'clock.

**Our Country Contemporaries.** Ogden Junction, April 23—

**Five trains** came in from the East yesterday afternoon and evening. A large number of passengers arrived but not much mail matter.

**A train of teams** was started out this morning for the inundated district to assist in the transfer of passengers. The Company is doing all that could be expected or desired to repair damages and facilitate transportation.

**Keep a sharp look out** for a saddle, bridle and blanket belonging to Bishop Herriek, which were stolen from his barn night before last. The saddle is "Spanish," and the horn is covered with copper. The blanket is made of three ply carpet, lined, and bound with purple. It is supposed that the outfit was taken by some person or persons engaged in stealing horses. Keep watch of your stables, you who have valuable nags, and let householders put locks on their barns and granaries. Padlocks are not worth anything, as thieves can all depend on a staple, which can be drawn without noise or difficulty.

**Theodore Farley**, son of Mr. Winthrop Farley, has invented a new kind of labor-saving churn, to make butter in fifteen minutes. The churn is sixteen inches high and nine inches square. Eight paddles are inserted, which are moved by a hand crank, and which are set in motion by an easily turned hand wheel. A child can work it without difficulty. It has been tried and found to work to a charm.

**Theodore is an ingenious youth**, sixteen years of age, and we hope his invention will prove a profit to him. He intends to improve on the present churn, so as to make it work by the foot instead of the hand. Those who wish to see the new churn should call at Farley's blacksmith and wagon shop, near the Methodist Church, Main street.

**Beaver Enclosures**, April 20—

**We learn** that J. D. Lee's health is at present not as good as usual; in fact it is reported that he is having had an epileptic stroke or fit at his prison room yesterday. He is believed to be suffering from too old a man and has endured too much of outdoor frontier life and been too active and stirring to maintain good health in close confinement during the hot weather for many months.

**Utah County Times**, April 22—

**We learn** that it is the intention of the Provo Manufacturing Company in a short time to open a wool and hide warehouse at the railroad depot in this city, and buy and pay cash for wool, hides and pelts.
