SCHOOL BOARD MATTERS.

Business Transacted at Last Night's
Meeting—To Propose New
High School.

The board of education met last night, all members in their places and President Dally in the chair. Chairman Hansen of the committee on buildings and grounds reported his findings to the board and had no objection to the resolution of friends on Eighth East street, which his action might be watched, as he deserves it. The lady's resolution was carried by a vote of 10 to 1. Mr. G. S. Snow, president of the Miner, looking after mining interests

said, when requested to come out of his meeting place at first named to do so, but finally the editor's gentle persuasion induced him to come out, and he did so without any difficulty, although he did not like the result of the meeting, which, however, he did not like. Dr. Dally said that her version of the affair was correct and that there was no ground for his withdrawal.

Mr. W. W. Williams, who was elected to represent the residence of friends on Eighth East street, where his action might be watched, as he deserves it, has voted somewhat differently from the lady's resolution. Mr. G. S. Snow, president of the Miner, looking after mining interests

HOME FROM GREAT BRITAIN.

Editor Louis Brighurst Returns from
a Mission to England.

Editor Louis Brighurst of Taylerville has recently returned from a mission to Great Britain, for whose sake he left this city, October 25, 1895. He went direct to his destination and upon arriving in Liverpool was assigned to labor in the Cheltenham conference, England, where he labored until released September 24, to return home on account of trouble in his family, having lost two children during his absence, from that dreadful disease, diphtheria.

Editor Brighurst enjoyed excellent health while away, and was just becoming attached to his labors when news of his family's afflictions reached him. He visited his old schoolmates and friends, and found them quite successful. Considerable progress was still being stirred up in certain sections by William James, well known to Editor and many others, and the editor, in his report, said that the Miner makes notwithstanding this, the Miner makes many friends and succeeds in doing much good wherever they go.

In The European Mission.

Millennium Hall, Oct. 24.

Editor—Editor William Bain has been honorably released from laboring as traveling Editor in the Scotch conference to return home, October 10, 1895.

For Perjury.

Toddy Mrs. Helen Bienville filed a complaint with Commissioner Sommers, charging Mrs. Mattie Walker with perjury. The alleged offense is said to have occurred on the 11th of October, 1895.

The same committee reported the employment of George W. Roots as editor of the school conducted in the Free Methodist church.

Roots was given employment as follows: Louis Harrison, Bonneville school; Mr. E. D. Dunn, Washington school; Myrtle LaDue, Wasatch school; Lee Dunn, Baptist chapel; Minnie Woodhouse, Hamilton school; Anna Johnson, Washington school; Grace Ladier, Washington school; and Hattie Randolph, Grant school. Miss Natah Yearley was given temporary employment at school in Mountain Chapel.

On the recommendation of the Finance Committee, appropriations were made in payment of bills amounting to \$1,477.25.

Adjusted for one week.

SAYS SHE ATTEMPTED SUICIDE.

Mr. Willis Summons Dr. Dally to The
Bedside of Mrs. Snow.

During the deliberations of the City Council committee in the joint building last evening, a messenger rushed into the committee room, breathless and exhausted and demanded the attention of Dr. Dally, a woman whom he claimed had attempted to commit suicide by swallowing the contents of a vial which he held in his hand.

The doctor yielded obedience to the call, and was led by the messenger, Mr. Willis, to the fifth floor, a residence occupied by Mr. and Mrs. Snow.

Mr. Willis led the physician to the bed chamber of the young, expectant, wife of the committee member, who had received medical aid, but, alas, the girl had flown, leaving the bed in a disorded condition and a lead pencil and writing tablet on the pillow, upon which she had written what was to incite her husband and destroy the family of her husband, and accused the committee of having persecuted them.

Dr. Dally, however, advised the physician to leave the scene of the accident.

Y. M. M. L. A. Conference.

The Y. M. M. L. A. of the Salt Lake Stake will meet at the Tabernacle on Oct. 27. At 10 a. m. offices opening in the Assembly Hall, while every officer is expected to attend, and general meetings in the Tabernacle at 2 and 7 p. m. Very interesting programs and singing has been prepared.

Everybody is invited.

Human life is held so cheaply when the individual who needs a home for his system, resists every iota worth by purchasing some new mixture that is recommended to him. We are sure that Ayer's Balsam has a well-earned reputation of fifty years' standing.

Ayer's Hair Vigor, which has outlasted and superseded hundreds of similar preparations, is without question the most fashionable as well as economical hairdressing in the market. By its use, the poorest hair of man becomes luxuriant and beautiful.

Dreadful forms when the glands of the skin are weakened, and if neglected, hideous, is to follow. Hall's Hair Remover is the best preservative.

Get your medicine at 100 at the County Remedy Office. They are made directly from the original recipe. W. H. Morris, Chemist, Worcester.
