UNITED STATES POST OFFICE.

SALT LAKE CITY,

October 17th, 1884.

Editor Deseret News:

The time of arrival of the D. & R. G. mail has been changed from 5:20 to 5 p.m. Alta and Bingham Cañon mail also arrives at 5 p.m.

Respectfully,  
JOHN T. LYNCH, P. M.

**Look Out.**—A tall, slender young woman named Sarah Jane Turner, with a number of aliases is, we are informed by many of her victims, imposing upon different people. On Thursday, she called at the house of a resident of this city and represented that her baby carriage had broken down, and she was unable to proceed to the house of her sick mother unless she could borrow another. The good-hearted lady to whom she told this tale let her have her baby carriage. As the borrower did not make her appearance she hunted for her in vain, but found the carriage in the Nineteenth Ward. When she returned home she discovered that the woman had been there again, in her absence and taken the old carriage she had left there away. She has told the "sick mother" story to many others, and has purloined a great many articles from different individuals.

**The Boss Bear Slayer.**—An esteemed correspondent wrote from Scofield, Utah, on the 14th inst.:

I believe that F. M. Hiatt, of this place, is entitled to the belt as the champion bear slayer. He was out in the mountains yesterday hunting deer, when he fell in with a family of four grizzly bears. The two cubs were in the act of partaking of their evening meal. Mr. Hiatt fired into the group with deadly effect.

The large, ferocious female discovered him and rushed toward him. When she was within about twenty yards from Mr. Hiatt a well directed shot reached her brain and did its work effectively. The other three each received a shot in the head and lay beside their partner in less time than it takes to tell it.

For calm, deliberate business, steady nerve and good marksmanship this discounts anything I have heard of for a long time. Had Mr. Hiatt given way to nervousness it would undoubtedly have been his "last shot."

**A Vexatious Proceeding.**—Following is the body of an indictment found against Officer Thomas F. Thomas, for alleged assault upon the person of the negro Harvey, who murdered Marshal Andrew Burt in this city August 25th, 1883:

That Thomas F. Thomas is accused by the grand jury of this court by this indictment, of the crime of assault with a deadly weapon with intent to do bodily harm, committed as follows: The said Thomas F. Thomas, heretofore on the 25th day of August, 1883, at the County of Salt Lake, in the said Territory of Utah, with a certain club then and there held by him, the said Thomas F. Thomas, and then and there a deadly weapon, did wilfully and maliciously and feloniously without just cause or excuse, and without any provocation, make an assault upon the person of one, then and there known as Samuel Joseph Harvey, but whose real name is to the said grand jury unknown, then and there in the place of said Territory being, with intent then and there to do him, the said person known as Samuel Joseph Harvey, bodily harm.

A similar indictment has been found against Officer George Hilton. Both officers gave bail in \$500 each in the District Court yesterday. William Groesbeck and Charles H. Wilken are Mr. Thomas' sureties, and William Calder Mr. Hilton's.

FROM MONDAY'S DAILY, OCT. 20.

**Oneida Conference.**—The Stake Conference of Oneida Stake will convene at Oxford, on Saturday, the 25th inst., and continue during the next day.

WM. D. HENDRICKS,  
SOL. H. HALE,  
GEO. C. PARKINSON,  
Stake Presidency.

**Second Term.**—It will be seen by advertisement in another column that the second term of the present academic year of the University of Deseret will open at 9 a. m., on Monday, October 27th, in the University building. Then is the time for intending students to begin their winter studies. This educational institution is in excellent working order and supplied with the most improved facilities. Any further information than that supplied by the advertisement can be obtained from the president, Dr. John R. Park.

**The "Exponent."**—The October 15th, number of the ladies' paper is an interesting one. Two poetical pieces, "On the Fly-Leaf of her Book" and "October," the latter by Emile, are followed by "Marie De Madicis," by A. W. C. (a well written sketch); the conclusion of "A Venerable Woman," E. B. W.; "Helen and Virginia," continued; "Travels beyond the Mississippi," Helen M. Whitney; October Conference, Sunday School Union, The Deseret Hospital, Ladies go and Vote, editorials; "Superficial Admissions of Guilt," W.; and other attractive articles on various topics. The *Exponent* cannot be read too early or often.

**Reunion and Surprise.**—The 15th of October, 1884, was the 65th anniversary of Brother David Candland, of Chester, Sanpete County, and was the occasion of one of the most enjoyable dances that was ever given in the place. The hall was tastefully decorated and a fine, large Crayon likeness of the gentleman in whose honor the ball was given, hung upon the wall.

Presentations and congratulations were on every hand. A list of the children, thirty-seven in number, born to the house of Mr. Candland, graced the walls of the ball-room. During the afternoon the Sunday school scholars assembled on the porch of the residence and gave to Superintendent Candland a hearty vocal serenade. An adjournment was afterwards taken to the school house, where music, dancing, songs, etc., whiled away the happy hours. Friends and relatives from other cities and favors from distant Idaho were to be seen. The spirit of joy, peace and harmony graced the occasion.

**Virginia Conference.**—We have received the minutes of a conference held on Peddler River, Amherst Co., Virginia, Sept. 27th, 1884. Unfortunately it is written on both sides of the paper, and although otherwise in good shape, does not give the names of the speakers, being mostly in the form of a dissertation. The Elders present were: Newel W. Kimball, President; Levi J. Taylor, Joseph Smith, James G. Woods, Hyrum H. Kimball, Jens Jensen, Andrew M. Spence, John E. Woolley, George A. Biglow, Thomas Vickers, Lamoni Call and Landon J. Rich. Elders Newel W. Kimball, Levi J. Taylor and John E. Woolley were honorably released to return home and Hyrum H. Kimball was appointed president of the conference.

There were sixty-six baptisms reported by the Elders since last conference, and nine more during the present one, thus swelling the number to seventy-five, with excellent prospects in the future. All the old fields have been discarded and some forty new counties traversed and preached quite extensively in.

The minutes were too elaborate, and not in form for publication in full.

**Deaf Mute Education.**—A visit to the deaf mute department of the Deseret University reveals the fact that under the guidance of Mr. Harry White, an efficient and intelligent teacher from Boston, Mass., the pupils in his charge are making very rapid and most remarkable advancement in the primary principles of education. It would seem that the people of this Territory do not have a full conception of the importance of this department of instruction, as up to date only about eight students have reported themselves. We sincerely hope when the object and benefit to be derived from this institution is better understood, that parents who have any of these unfortunate class of children, no matter what age they have attained, will see the wisdom of encouraging this department of the University in its inception and growth, that it may be a permanent benefit to this class of persons residing in this Territory, of whom, we are informed, there are about 118. Otherwise, by not patronizing it to a larger extent, there will be little inducement to continue it, and this class will be deprived of a most essential factor in their education, which is designed to render them self-supporting. A general interest should be taken in this direction.

#### TERRITORIAL ITEMS.

CULLED FROM LATEST EXCHANGES.

—A large number of Indians are emigrating northward. For the last few days there have been numbers of them on the out-going northern freight trains.

—On the night of October 3d two bars of bullion were stolen from the stage coach at Arco, Idaho. The two bars are valued at about \$5,000. The Stage Company offer \$750 for the recovery of the bullion and capture of the thieves.

—Joshua Ramirez, a Mexican, was arrested in Kane County, about the 25th of September, near Glendale, on a charge of horse-stealing and was brought before Justice Roskelly for examination, and plead guilty. He was delivered over to Sheriff Hutchings for safe keeping last Monday, to await the action of the grand jury.

—A fire broke out on Joseph Dunkley's place, Franklin, a week ago yesterday morning about 11 o'clock, and burned up all his hay and oat straw. The stacks were not three steps from his granary which contained 1,100 bushels of wheat and oats, but through the energy of the neighbors it was saved. A small boy with a match was the cause.

#### CORRESPONDENCE.

Popular Preaching—Politics—Prospects.

ANN ARBOR, Michigan,  
October 11th, 1884.

Editor Deseret News:

In visiting the various "Christian" denominations, we often hear very peculiar ideas, some of which, however, are too absurd to mention.

The preachers have returned once more from their summer sojourns, and the activity of the churches has begun, but, to use the commercial term, are

only running on half time, and pastors are hurriedly laying plans and getting up their written speeches for the winter.

One just returned from a Western tour has something new to reveal to his congregation. Last Sunday he started to relate the curiosities of Chinatown, Cal., taking in by the way Salt Lake and the Mormons, making a thrilling story to the eager listeners, of a barbarous people in the West. His next issue is the political status, the loaves and fishes, and buying votes. One minister attributes the decline of interest in foreign missions to a decreasing faith of the churches in endless punishment, and justifies the result upon that hypothesis averring that the Apostles were little better than idiots in devoting themselves to missionary work if every body is to be saved.

Agents are around offering free trips to Ohio to parties who will vote the Republican ticket—even asking a "Mormon," unknowingly, to have a free ride and vote this ticket.

St. John the prohibitionist, is being received with considerable favor and many would cast their vote for him if it were not for fear of losing the greater national party.

Great demonstrations are going on for Cleveland, and the general opinion in this part of the country is that the Democratic national ticket will win.

The grand effusion at New York of the 9th, awakens considerable interest and arouses others to renewed energy.

The main point seemingly with all politicians is the loaves and fishes—seeking for office and patronage; the nation is wild with politics.

The floral decorations on the Sacramental stand in the Tabernacle, designed and constructed by George Hamlin, for the funeral services of the murdered Elders W. S. Berry and John H. Gibbs appeared so pretty and unique, that I photographed the same, and to perpetuate the memory of the above Elders, I thought that the portraits of these martyrs would be considered in their place enwreathed in this floral emblem. Consequently I applied to Mrs. W. S. Berry, of Kanarra, Iron County, and Mrs. J. H. Gibbs, of Paradise, Cache County, for the portraits of their husbands, which they kindly responded to by sending. The portrait of W. S. Berry that I copied from was found in his pocket at the time of his death. That of J. H. Gibbs was photographed with Elder W. H. Jones, the missionary that escaped. These photographs are now on sale at my gallery, corner of Third South Street and Main, or they can be mailed to any address at the following prices, viz.: 8 x 10, 60 cents; cabinet or stereoscopic, 25 cents; album size, 15 cents; good in postage stamps.

Agents wanted in every settlement. By forming clubs you can get them at a reduced rate.

#### THOUSANDS SAY SO.

Mr. T. W. Atkins, Girard, Kan., writes: "I never hesitate to recommend your Electric Bitters to my customers, they give entire satisfaction and are rapid sellers." Electric Bitters are the purest and best medicine known and will positively cure Kidney and Liver complaints. Purify the blood and regulate the bowels. No family can afford to be without them. They will save hundreds of dollars in doctor's bills every year.

Sold at fifty cents a bottle by Z. C. M. I. Drug Store.

For twenty years I was a sufferer during the summer months with Hay-Fever. I procured a bottle of Ely's Cream Balm and was cured by its use. Charlotte Parker, Waverly, N. Y.

#### A Remedy for Lung Disease.

Dr. Robt. Newton, late President of the Eclectic College, of the City of New York, and formerly of Cincinnati, Ohio, used Dr. Wm. Hall's Balsam very extensively in his practice, as many of his patients, now living, and restored to health by the use of this invaluable medicine, can amply testify. He always said that so good a remedy ought to be prescribed freely by every physician as a sovereign remedy in all cases of Lung diseases. It cures Consumption, and all pectoral complaints.

#### How to Secure Health.

Scovill's sarsaparilla and stillingia or blood and liver syrup will restore perfect health to the physical organization. It is, indeed, a strengthening syrup, pleasant to take, and has often proven itself to be the best Blood Purifier ever discovered, effectually curing Scrofula, Syphilitic disorders, Weakness of the Kidneys, Erysipelas, Malaria, all Nervous disorders and Debility, Bilious Complaints, and all diseases indicating an impure condition of the Blood, Liver, Kidneys, Stomach, etc. It corrects indigestion, especially when the complaint is of an exhaustive nature, having a tendency to lessen the vigor of the brain and nervous system.
