

## BEGIN TOMORROW TO WHIP STREAMS

Fishing Season Opens Up and  
Continues So to December 15.

CREEKS WILL BE CROWDED.

Enthusiasts Are Today Overhauling  
Tackle and Getting Ready  
Their Outfits.

Today the cranks were getting out their tackle for overhauling, preparatory to the opening tomorrow of the fishing season. And some of them have even gone so far as to construct the "yarn" they will tell after they get back. These latter may be changed, however, in accordance to the number of contacts with "anti-snakebite" had during the day by the wary angler.

Parleys, Big Cottonwood, Provo, Spanish Fork and East Canyons will be crowded with fishermen, all of whom expect to be burdened with speckled and other beauties, and to be able to tell of one or more "so long" that was landed. Ducklings galore there will be, and tired limbs and an empty purse, with a correspondingly large catch, will be the day of all days in the year when lovers of angling seek the trout streams with an anxiety that would put a Klondike gold-fever rush away in the shade. Here are the provisions of the new law which are of most interest to fishermen.

It shall be unlawful for any person to fish or take any trout, bass, or mountain herring from any waters of this state by any means or device whatever, except by means of a hook and line, commonly known as angling, and angling is more fully defined as fishing or angling with a fishing rod or fishing pole held in the hand or hands, having a single line attached, with one baited fish hook, with one gang of no more than three hooks, or with one trolling spoon, with one gang of not more than three hooks, or with not more than two artificial flies, and that only between the 1st day of June of each year and the 15th day of December following; and provided, that fish may be taken from the waters of Fish Lake between June 1st and December 15th by hand, and provided further, that it shall be unlawful to take or have in possession any trout, bass or mountain herring, less than seven inches long at any time.

It shall be unlawful for any person to sell or offer for sale at any time, any Eastern brook trout, rainbow trout, grayling trout or any other species of trout or landlocked salmon, taken from any of the streams or waters of this state; it shall be a misdemeanor for any person to take, catch or have in possession more than twenty pounds of any of said varieties, or species of fish in any one day for domestic use or any other purpose.

It shall be lawful for any person to use any Eastern brook trout, rainbow trout, grayling trout or any other species of trout or landlocked salmon, taken from any of the streams or waters of this state; it shall be a misdemeanor for any person to take, catch or have in possession more than twenty pounds of any of said varieties, or species of fish in any one day for domestic use or any other purpose.

It shall be lawful for any person to use any Eastern brook trout, rainbow trout, grayling trout or any other species of trout or landlocked salmon, taken from any of the streams or waters of this state; it shall be a misdemeanor for any person to take, catch or have in possession more than twenty pounds of any of said varieties, or species of fish in any one day for domestic use or any other purpose.

## AGREEMENT MADE.

Brewery Drivers Accept the Proposition of the Brewers.

At a meeting of the Drivers' and Stabblers' union last night it was decided to enter an agreement with the brewers' management, covering a period of one year, under which the following terms shall govern both parties: In May, June, July and August eleven hours shall constitute a day's work; in September, October, March and April ten hours; and during the remaining four months nine hours shall constitute a day. The companies each agree to employ a stableman at \$55 per month and to pay drivers from \$65 to \$75 a month. In laying off men during dry seasons the companies reserve the right to retain such employees as they choose without reference to the length of time covered in their service with the companies. The men agreed that the youngest in point of service get the first lay off, but the companies would not agree to that.

## NEW OFFICERS.

There are two new arrivals in Salvation Army circles here. They are Ensign Leyser and wife of Los Angeles, who came to take charge of the army shelter on Franklin avenue. Capt. Wood will remain here as assistant for some time to come. For several months past he has had charge of the shelter. At the barracks last night a strawberry and ice cream festival was held in honor of Capt. and Mrs. Carrington of Park City, who had been called to that other field. They will remain here for the present, however, as a later order came yesterday, directing such a course.

## INVOLUNTARY BANKRUPT.

Andrew J. Edgar, involuntary bankrupt, has filed his schedule of liabilities and assets in the Federal court. His liabilities amount to \$3,007.94, and his assets amount to \$5,005, of which \$100 is claimed exempt. The creditors who petitioned that Edgar be adjudged an involuntary bankrupt are: the Smithwhite Produce Co., Salt Lake; D. L. Davis, Salt Lake; Aaron K. Brown, Salt Lake; Kahn Bros., Salt Lake; Anderson-Taylor Co., Salt Lake.

## MRS. PALMER'S FUNERAL.

Funeral services over the remains of Mrs. Elsie H. Palmer were held at the family residence yesterday afternoon and the remains interred at Mt. Olivet. Rev. Henry W. Block of the First Presbyterian church delivered the funeral sermon, and a male quartet rendered some beautiful hymns. Floral offerings were profuse and beautiful, the casket being almost buried in them.

## POISONED CATTLE.

State Superintendent of schools Nelson received a letter yesterday from Axel Emerson, a well known cattle man of Axtell, Sever county, in which it was stated that cattle in the mountains of that county were dying off wholesale.

It is suspected that the cattle have either eaten some poisonous weed or that the water they drink has become affected.

Mr. Nelson told the matter before President Kerr of the State Agricultural college and Prof. Merrill will go to the scene of the poisoning to see if he cannot get at the root of the trouble.

## FATHER WANTS GUARDIANSHIP.

The petition of H. F. Fitzgerald to be appointed guardian of the property of his sons, Joseph F. and Benjamin A. Fitzgerald, will be heard June 28th. The boys recently inherited property valued at \$2,500 under the will of their grandfather, Joseph S. Rawlins.

## WANTS \$5,000 DAMAGES.

Mary E. Cory has commenced suit in the Summit county district court to recover \$5,000 damages from the California Mining company on the charge that the company allows refuse from its concentrator to flow into the Thymes canyon creek from which she obtains irrigation water. Plaintiff asks that defendant be enjoined from befouling the creek.

## MRS. KROUGH NON SUITED.

Plaintiff was non-suited yesterday afternoon in the malpractice suit brought by Mrs. Jennie Krough against Dr. W. E. Farabee, in which she asked for \$5,000 damages. The tables were then turned, and Judge Morse and a jury commenced hearing the doctor's cross-complaint on his bill for \$300 for medical services to Mrs. Krough but Attorney Stephens withdrew the cross-complaint on this count in order to sue in a justice's court, and the trial was proceeded with on another count.

## MAJOR TAYLOR COMING.

Dusky Rider Will Leave Europe on the 26th of June.

Will Not Race With Jacqueline a Third Time—Will Start on Grand Circuit.

New York, June 14.—Advices from Europe state that more or less difficulty has been experienced in trying to bring "Major" Taylor, the colored American cyclist, and Jacqueline, the Frenchman, together again and there is little chance of a third match. Taylor has therefore decided to return to America and will leave Europe on June 26. This will bring him here in time to start on the Grand Circuit of the National Cycling association.

## New Players for Miners.

This morning Hale, who was released from the Salt Lakes, stated that he had decided not to go to Arizona but will remain in the Intermountain league and play with Park City. Husky King has arrived and both will be seen in the Park City line up tomorrow in the game with Jacoon.

## PRESIDENT PEERY RESIGNS.

Findings that He Cannot Devote Sufficient Time to Baseball Matters.

Within a short time D. H. Peery, Jr., president of the Intermountain Baseball league, will send a letter of resignation to the directors of the league, saying that he cannot devote sufficient time to his business and at the same time give baseball matters the attention required.

## Live Oaks vs L. D. S.

At Jacoon yesterday afternoon the L. D. S. team defeated the renowned Live Oaks of Birmingham by a score of 8 to 3. Manager Stoney was selected as umpire but they retired at one of his decisions in the fifth inning and he threw up the job. Following was the line-up:

## SALT PALACE RACES.

Five Events to be Palled Off This Evening.

There is considerable talk at present about the riders who are participating in the Salt Palace races going to Butte, Harry Hagau, the assistant manager of the Butte track, met with some of the riders yesterday afternoon and signed entry blanks for the first two days' racing. The management is paying the transportation of the riders. Those who signed yesterday afternoon are Iver and Gus Lawson, A. F. Bell, J. P. Gunn, S. H. Sharnan, Jack Burris, John Staver, C. ## HUNGRY FOR HOME APPLES.

What Our Soldiers in the Philippines Want Most of All.

"It is no wonder our soldiers in the Philippines think an American apple food for the gods, when you look at the thing these Filipinos call an apple." said one of the chiefs of the department of agriculture, as he held up for inspection an article that looked for all the world like a lemon that had been left on a picnic ground. It was as fine a specimen when put on one of the government transports for shipment to the United States as could be found in a Philippine orchard, but it was of a decidedly perishable nature, and even had it been judiciously packed could not have stood the long voyage without serious damage. When it arrived a few worm holes and a small core attached to a bit of skin were all that remained to tell the story.

"But the fact remains," resumed the scientist, as he tenderly laid the remains in his scrap basket, "that it never was more than a taunting reminder of our huculous fruit, and probably was never dignified by the name of apple until some of our soldiers, with visions of the knotty little crab apples of some parts of our country dubbed it that. In fact, it is little more, even in its prime state, than a crab apple of an inferior sort."

"So our soldiers beg for apples, real American apples, as a hungry man would for bread, while the most delicious tropical fruits hang all about them."

"The note that accompanied this specimen," with a rueful gaze at the basket, "was a pitiful appeal for an introduction of our own luscious fruit. He wrote that an apple loving soldier would trade a whole month's rations for a good, big, juicy apple, and it made me feel homesick for him."—From a Washington Letter.
