## SALT LAKE HERALD SOLD.

William Iglehart is Named as the Purchaser of the Property.

Senator W. A. Clark is Said to Have Furnished the Money and is to Be the Real Owner.

According to a statement published in the Salt Lake Herald this morning Wm. Iglehart has bought that journal. The announcement is made in the Coallville correspondence of the paper and in the following language:

Coallville, Utah, July 1.—The county recorder received for record this morning a petition from C. L. Rood, administrator of the estate of R. C. Chambers, deceased, asking an order in the Third district court for the sale of the estate's stock in The Herald company to William Iglehart, present manager of The Herald. Accompanying the petition was Judge Stewart's order for the sale, which was granted in chambers at Salt Lake on Saturday. Some minor matters pertaining to the estate were also included in the petition.

Following is the text of Judge Stewart's order:

"Order authorizing sale of stock in The Herald company, to pay \$250 to the administrator in Idaho, and to leave the Herald stock."

"The petition of Charles L. Rood pertaining to the matters herein mentioned, coming on duly and regularly to be heard this day, and testimony having been introduced, and evidence taken, and the same read, and the court deeming it now ordered, adjudged and decreed:

"That said administrator is hereby authorized to sell 500 shares of The Herald stock for \$250.00. The said sale to be made to William Iglehart, and said administrator is authorized to pay a commission of \$2,000, and, in addition, to pay out not to exceed \$8,000 on account of the liabilities of The Herald company."

Said administrator is also authorized to assign the certificate of membership in the Associated Press, which stands in the name of R. C. Chambers, to said William Iglehart, the said certificate of membership really belongs to said Herald company."

"The said administrator is also authorized to sell the administrator of said estate in Idaho the sum of \$250, to apply on account of the legal expenses of said administrator, and said administrator is also authorized to leave the Herald stock, situated in Salt Lake City, Utah, at the southeast corner of lot 1, block 77, plat 4 Salt Lake City survey, for the term of one year, commencing June 1, 1901, at the rate of \$125 per month, payable monthly in advance; the said lease to be made to Per Von Ehrenheim."

Mr. Rood's petition on which Judge Stewart's order is based, sets forth the fact that the sale of the Chambers stock is conditioned upon the sale of Mr. McCune's stock at the same figure, and the order was issued with the understanding that this condition had been fulfilled before the order was recorded.

The real purchaser of the Herald is said to be Senator W. A. Clark of Montana, and president of the San Pedro & Los Angeles railroad project. The purchase price is given as \$60,000. Senator Clark is not new to the news as he has been the owner of the Butte Miner and other Montana journals.

## AMUSEMENTS.

The sweltering weather drew out a rather larger crowd than usual on Mondays at the Salt Palace last night. The bill was the ever popular "Mikado," and in spite of the endless number of times it has been seen here, it seemed to go with as much interest and favor as ever. The principal feature was, of course, the Ko-Ko of the comedian, Mr. Kohnle, and it may be said at once that it ranks as one of his very best.

Miss Kohnle, who was billed for Yum-Yum, was ill, and at a very short notice, Miss Kohnle took her place, filling it acceptably. The other feature was Ed in the role of the chorus of indices was as usual a leading feature. The same bill goes tonight, the opera not commencing until late on account of the rains.

A very rare and charming program was that rendered at the Theatre last night in honor of Prof. L. E. Young. The house was a handsome one, except that of Mr. Webb, who to the general regret, Miss Hallam, who was billed for Yum-Yum, was ill, and at a very short notice, Miss Kohnle took her place, filling it acceptably. The other feature was Ed in the role of the chorus of indices was as usual a leading feature. The same bill goes tonight, the opera not commencing until late on account of the rains.

The various features of the show were excellent. Much of the program was entirely new, and the performances were first-class in their specialties.
