

SOUTH TEMPLE PAVING ONCE MORE

Looks Doubtful Whether Anything Will be Done at Present Time.

PROTEST FROM LAND OWNERS.

City Council Will Donate Lot Opposite County Building to American Mining Congress.

The South Temple, street paving question will have to be gone over again by the city council and some of the residents on that street who object to the present plan for the work. From present indications it is very doubtful whether anything will be done towards paving the street this year because the councilmen don't propose to go to work and have improvements made and then have some of those who object to it involve the city in heavy damage suits for alleged damage to private property by changing the grade of the street as requested by the plan agreed upon. Unless some understanding can be reached at the meeting of the council on Wednesday evening when the protestants will be heard, the advertising for bids for the work and all the preliminary arrangements will probably be stopped short for the present.

Another protest was received against the present plan for the paving, signed by James A. Miner, B. H. Schetter, P. T. Barnard, J. H. Keith, Robert Harkness, John Wells, Elizabeth A. Cline, Alfred Best, Bishop L. Scanlon, J. Daly, and W. V. Rice, and it states that the cutting down of the street as proposed will cause irreparable damage to the property of protestants and others, and will cause claims for damages to be filed against the city. Fernstrom moved that the protest be referred to the council as a committee of the whole.

In support of his motion he said that he thought it time that the council found out whether the property owners are fooling or whether they mean business in regard to the paving. He said that he thought they wanted the city to go ahead and change the grade and pave the street so that they could plant damage suits against the city and cause a lot of trouble. He favored supplying the advertisement for bids and all other preliminary steps in regard to the paving until this matter is settled. Tuddenham offered an amendment to the motion providing that the committee meet on Wednesday night. The amendment was accepted by Fernstrom and the motion was then carried. The protestants and all others interested in the matter will appear before the council Wednesday evening and discuss the matter.

MINING CONGRESS.

The public grounds and finance committees recommended that the city's lot opposite the north side of the city and county building, being 4-13 feet by 40 feet in dimension, be donated as a site for a permanent home for the American Mining Congress or that a lease for 99 years be given on the lot. The report was unanimously adopted. A telegram was sent to the convention from Councilman A. J. Davis, who is in Portland with the Utah delegation, stating that the success of the delegation in securing the permanent headquarters for Salt Lake depended much on the action of the council in regard to donating the site. Upon motion of Hartenstein, President Hewlett was authorized to send a telegram to Mr. Davis informing him of the action of the council. After the council adjourned, President Hewlett sent the following telegram:

"Salt Lake City, Aug. 22.
A. J. Davis,
Portland, Ore.
The city council tonight unanimously authorized the mayor and city recorder to execute deed to American Mining Congress for site to erect building if headquarters are located here."
FRANK J. HEWLETT,
President of Council.

FIRE LIMITS.

The Fernstrom amendment to the ordinance describing the fire limits of the city was passed by the council. The fire districts as proposed in the amendment are described as follows:

District No. 1—Commencing at the northeast corner of Third East and Fourth South streets; thence running west along the north side of Fourth South street to the east side of Second West street; thence north along the east side of Second West street to the south side of North Temple street; thence east along the south side of North Temple street to the west side of State street; thence south along the west side of State street to the south side of South Temple street; thence east along the east side of South Temple street to the west side of Third East street; thence south along the west side of Third East street to the place of beginning. The said district No. 1, including all of blocks 49 to 60, both inclusive, all of blocks 67 to 78, both inclusive, and all of blocks 85 to 88, both inclusive, all in Plat "A."

District No. 2—Commencing at the southwest corner of Third East and Fourth South streets; thence running west along the south side of Fourth South street to the west side of Second West street; thence north along the west side of Second West street to the south side of North Temple street; thence east along the south side of North Temple street to the west side of State street; thence south along the west side of State street to the south side of South Temple street; thence east along the east side of South Temple street to the west side of Third East street; thence south along the west side of Third East street to the place of beginning. The said district No. 2, including all of blocks 37 to 48, both inclusive; 61 to 63, both inclusive, and 79 to 84, both inclusive, all in Plat "A," and the east 165 feet of blocks 25, 36, 37, 48, 49 and 60, in Plat "C." Provided that repairs or additions to residences or dwelling houses in district No. 2 may be of the same material as that in the present structure and the said residences or dwelling houses may be erected or maintained with shingle roofs.

OTHER MATTERS.

Upon the recommendation of the special water committee, the sum of

Let the Good News fly on the wings of the wind—Fels-Naptha cuts wash-day in half and saves half the wear on clothes. At all grocers.

IT IS A MATTER OF HEALTH

BAKING POWDER

Absolutely Pure

THERE IS NO SUBSTITUTE

\$1,250 was appropriated to the mayor's contingent fund to be used in connection with the investigations for the increase of the city's water supply.

The petition of the Young Men's Republican club, asking permission to string banners across certain streets advertising the excursion to Salt Lake, was granted by the council.

By a unanimous vote the council confirmed the appointment, made by Chief of the Fire Department, Bywater, of Charles E. Williams as engineer of the department to fill a vacancy.

Upon a resolution introduced by Tuddenham, the board of public works was authorized to enter into a contract with Doyle & Co. for the heating and plumbing fixtures for the new fire station addition.

The report of the committee on streets, recommending that I. P. Duncan be instructed to remove the waste paper box from in front of Whittaker & Dallas' cigar store, when containing a competitive advertisement, was adopted by the council.

One Woman Among the Thousands.

We received a letter from Waycross, Ga., from a woman who had been troubled with female complaint for a long time until she was cured by Dr. S. C. M. I. It affected her mind, she could not remember anything, would get confused and nervous and irritable she could hardly sleep. She described her case as one similar to thousands of other women, and then ended the letter by saying she had gained 15 lbs. last month and never felt better in her life, having no trace of her former troubles, ailed well, and ate her meals with a relish. She commenced the use of Dr. S. C. M. I. and Nerve Tonic six weeks before she wrote the letter from which we copy the above. This tonic is in tablet form, and should be taken right after meals. It cures the nerves and curing disease by making healthy flesh. Sold by all druggists for 25c. per box, or 3 boxes for \$2.00. For sale by Z. C. M. I. Drug Department.

THOUGHT SHE WAS WED.

Peculiar Predicament of Girl Who Appears at County Clerk's Office.

The administering of the required oath by a deputy when persons apply to the county clerk for a marriage license have led several couples in the past two years to believe that they were legally wedded by the deputy who administered the oath and hence in such instances have caused the contracting parties much embarrassment and confusion. When applying for a marriage license the law requires the applicants to make oath before the clerk or his deputy that they are of age and are legally capable of entering into the marriage contract.

Some have thought that when they held up their hands to take such an oath they were being married and have departed with that impression only to find out afterwards, when perusing their marriage certificate that it requires the party performing the ceremony to fill out the certificate and return it to the county clerk. The next action on their part then is to call on the deputy who issued the license and ask him to fill out the certificate. Then is when their grave error is generally discovered and they are informed that they were not married by the deputy at all.

An incident of this nature was brought to light yesterday in the county clerk's office, after an investigation which was instituted on Saturday by Deputy Clerk D. B. Davies at the request of the young lady who supposed that she had been married in the office of the clerk. She returned the marriage certificate with the request that the deputy who performed the ceremony fill out the certificate. Mr. Davies said that he would call the matter to the attention of Deputy Clerk Smith, who issued the license. Upon investigation yesterday it was discovered that Mr. Smith nor any of the others connected with the office who are qualified to perform marriage ceremonies had married the couple. The young lady said at the time she left the certificate that she intended to leave last evening for Chicago and wanted the matter fixed up by the clerk before she went away. She was very much embarrassed when she discovered her mistake yesterday, and left the office in much confusion.

TOMATO OUTPUT.

Production of Utah Canneries Will Fall Considerably Below Last Year.

William Craig of Ogden says that the tomato output will not be so heavy this year, the cannery output being estimated at 300,000, whereas last year it was 400,000. The increase in the sugar beet and hay crops is given as the cause for this. Mr. Craig remarks that in 1903 there were three canning plants in the state with 22,000 cases as the year's product, with a poor market. Now there is a ready market for all the surplus, the output being shipped to Canada and Mexico. Wages, nine years ago, was \$1 per day for men and 50 cents for women; now the men get \$2.50 and the women \$1.50. This year's crop will bring \$1.75 per case, which means a million of dollars to the people of this state.

ENTOMBED MINER.

Gus Nelson Caught in Cave in Alta Rescued After Twelve Hours.

The mine of the Continental Mining company at Alta was the scene of a cave-in yesterday, which nearly resulted fatally for Gus Nelson, who was entombed in the mine for 12 hours before he was rescued. Nelson was dug out and released from his perilous position last night at 11 o'clock. He was unhurt and said that the rescuers were picking within six inches of his head. The place where he was confined was barely large enough for him to turn around. His pools were buried by the rock, hence he could render no assistance to the rescuing party.

Supt. Dubois with 10 men worked hard to reach the man, and run two

drifts in the slope, one north and the other south. It was at the end of the south drift that Nelson was found. All those connected with the mine were very much relieved when he was found to be alive, as some thought he had been crushed to death by the cave-in.

DEATH OF OLD SOLDIER.

William H. Matthews Passes Away at Taylorsville from General Debility.

The funeral services over the remains of the late William H. Matthews were held at Taylorsville this afternoon.

William H. Matthews, a British veteran who faced death in 15 pitched battles fighting for the Union Jack, passed away peacefully, surrounded by the members of his family, at his residence at Taylorsville on Sunday, of general debility, at the ripe age of 77 years.

The deceased was well known in Taylorsville, and had resided in Utah since 1885, when he migrated from England. He was born in the old cathedral town of Exeter, Devonshire, England, in 1827, and was educated at the exeter Grammar school. After leaving school he was apprenticed to a line draper of that city, but the life was too humdrum for him, and as soon as he had served his apprenticeship he took the seven's shilling from a recruiting sergeant and in short order was transformed into a dashing trooper in the Fourth light dragoons. During the time he saw service he was eleven years in India and passed through the terrible Sepoy mutiny, being among those who participated in the relief of Lucknow and Delhi and saw the awful results of the work of the mutineers on the women and children at Cawnpore. Mr. Matthews also saw active service in Persia and Afghanistan for the British, with the result that when he left the service he was the proud possessor of five war medals.

Sprains.

S. A. Read, Conco, Texas, writes, March 11th, 1901: "My wrist was sprained so badly by a fall that it was useless; and after using several remedies that failed to give relief, used Ballard's Snow Liniment, and was cured. I earnestly recommend it to any one suffering from sprains." 25c. 50c. \$1.00. Sold by Z. C. M. I. Drug Dept.

AT OLD ARM CHAIR.

Project to Establish Branch Sunday School in Canyon.

Many city people have spent a pleasant summer at the Old Arm Chair resort. Among them are the family of Dr. S. L. Richards, who owns a nicely furnished cottage there; also, the family of Edwin Wright, who has built a cottage near Pioneer lodge. A Sunday school was organized during the summer and held in the roomy cottage built by Willard B. Richards, and the success has been such that by another season it is the hope of the campers to establish a branch Sunday school, so that children summering from the city may continue their regular Sunday school work. Royal J. Young, Preston Richards and Willard B. Richards are interested in the matter, and promise to have a school which will be thoroughly equipped and in line with the city schools. Considerable work has been done on permanent homes by the Pratt brothers, and they expect to have a successful season next summer.

INDIAN WAR VETERANS.

Officials Issue Statement Regarding The Camping Ground Controversy.

The following communication has been forwarded to the "News" by Geo. McKenzie from Springville, with a request that it be printed:

Attention Indian war veterans of the State of Utah! It has been written in all the leading papers of the State of Utah that the trouble that has arisen to the rights of camping ground at the Provo lake resort between the Indian war veterans of Utah and the National Guard of the state had been amicably settled, which are not the facts in the case. The matter is simply this, the Indian war veterans of Utah, a band of pioneer soldiers who in early years, armed and equipped and rationed and foraged themselves and horses and went to the front to defend the outlying settlements from the assaults of our Indian foes in the early settlements of this state. This old veteran band of pioneer soldiers meet annually with their families for a three days' visit and have a joyous time in joining together with their tales of the past and old time friendship. On the 16th of April last the committee of the association made a contract with the owners of the lake resort for their grounds, the dates being fixed Aug. 25, 26 and 27. Over 1,000 invitations have been sent out over the state to attend this reunion. The young ladies of the National Guard of the state were informed one week ago we were informed that the National Guard of the state would

The Food Route To Brains

is a sure and pleasant way.

Why should one flounder along with a worn down, fagged out brain when a simple experiment with food will restore, rebuild, strengthen and nourish that same brain and put it in shape to work hard, make money and do things.

What's the Use

to trifle. Cut out the old time heavy breakfast and try this—

A LITTLE FRUIT.
TWO SOFT BOILED EGGS, TOAST,
A SAUCER GRAPE-NUTS AND
— RICH CREAM, AND
A CUP OF POSTUM.

(Postum boiled full 15 minutes.)

The Result

will show in a day or two and grow plainer from day to day as the phosphoric elements specially provided in Grape-Nuts and Postum begin to fill the delicate little cells in brain and nerve centers with gray matter. That means stronger, sturdier set of brains.

Sure! Sure! Sure!

Grape-Nuts 10 days.

occupy the grounds that we had leased and upon the dates we had chosen for holding our reunion, and that the Commercial club of Provo had taken the National Guard to make their camp on the grounds that we had contracted for and upon our dates, and upon investigation we found the reports to be correct. Our state commander, J. M. Westwood, and Adj.-Gen. M. L. Pratt immediately sent a staff to Gov. Wells and Gen. Cannon of the National Guard and laid the matter before them. They replied to them that the date of the National Guard for piece of encampment should be changed, that they would see to this matter, and that the National Guard would not interfere with the arrangements made by the Indian war veterans and upon their dates and the settlement will be made later on with the lessors of the resort and the governor and the city of "Gall." And now Springville with its loyal mayor and council say come to Springville, the home of the association, that the beautifully shaded city park, city hall and grounds and the grand old church house, and the Reynolds hall are all donated to the Indian war veterans for their four days' encampment, and the people of Springville will forage the stock for all the visiting comrades, and Springville extends a grand welcome to all.

J. M. WESTWOOD,
State Commander.
M. L. PRATT,
State Adjutant.
CAPT. GEO. McKENZIE,
A. General.

UNIQUE LICENSE.

Wedding Document Showing Union of Salt Lake City and County.

The unexpected but much desired has happened. For some time the matter of joining Salt Lake City and Salt Lake county has been agitated by different persons, but not until late yesterday afternoon was it discovered that the transaction had been done, and that, too, in a very unusual manner. According to a certificate of marriage returned to the office of County Clerk James and signed by Dr. F. L. Arnold, a Presbyterian minister, Salt Lake City and Salt Lake county have been joined in the holy bonds of matrimony according to the rites of the Presbyterian church.

It appears that in filling out the marriage certificate of William Gilbert and Emma Strack to return to the county clerk for record, the minister, through an error, inserted the names of Salt Lake City and Salt Lake county where the names of the groom and bride should have been written and the names of the contracting parties did not appear at all in the certificate. The certificate returned by Dr. Arnold to be recorded by the clerk reads as follows:

"I hereby certify that on the twenty-fourth day of May, in the year of our Lord one thousand nine hundred and four, at Salt Lake City, in said county, I, the undersigned, a clergyman, did join in the holy bonds of matrimony, according to law, the City of the county of Salt Lake, state of Utah, and Salt Lake county, of the county of Salt Lake, state of Utah. The nature of the ceremony was according to the rites of the Presbyterian church, and was a present mutual agreement of marriage between the parties for all time. F. L. Arnold, pastor."

The minister will be called upon to correct this error before the document is recorded.

Beautiful Women.

Pump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. 50c. Mrs. Wm. M. Stroud, Midlothian, Texas, writes, May 21, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria."

Grand Barbecue at Lagoon, Aug. 25th, by the butchers and grocers. Everything free.

AT THE RESORTS

The Scottish Missionary society of Salt Lake and vicinity is holding its annual reunion at Lagoon today, where a very interesting program will be the feature this afternoon. The Oregon Short Line brought down a large contingent of pioneers from Weber county to the resort this morning.

The Scandinavians are out at Saltair today en masse. Tomorrow the orphans of this city will be the guests of the management, when it will be in order for the youngsters to have a right royal time.

The management at Saltair is making arrangements for a Republican day at Saltair on Friday. A 45-minute train schedule will be put on for the occasion.

The Butchers and Grocers will close their stores tomorrow and migrate to Lagoon. In order to accommodate the crowds expected the management announces that commencing at 12:30 special trains will be run out to Farmington every hour until late in the evening. The time of departure is set forth in the advertising columns of this issue. By way of advertising the outing the Butchers and Grocers last night took possession of the business streets down town and for the space of nearly an hour a grand parade was in progress. There were about 250 in the procession, which was headed by a band. Big floats and signs informed the wondering public that there would be great doing at Lagoon tomorrow. As an evidence that there would be a barbecue the butchers had a big steer in the parade bearing upon his back a sign, "I see my finish at Lagoon." Everybody visiting Lagoon tomorrow will be entitled to a cut from this steer.

Neglected Colds.

Every part of the mucous membrane, the nose, throat, ears, head and lungs, etc., are subjected to disease and blight from neglected colds. Barlett's Horehound Syrup is a pleasant and effective remedy. 25c, 50c, \$1.00. W. Akendrick, Valley Mills, Texas, writes: "I have used Barlett's Horehound Syrup for coughs and throat troubles. It is a pleasant and most effective remedy."

PERSONALS.

Dr. W. R. Page of Washington, D. C. is at the Wilson.

Clement C. Hyde, mayor of Hartford Conn., is at the Knutsford.

Laura B. Work, teacher in the Indian school at Panguitch, Utah, is at the Cullon.

Congressman J. M. Griggs of Georgia, who has a number of friends in Salt Lake, is at the Knutsford.

H. M. Jones and George Johnson, Englishmen from Bulawayo, South Africa, are at the Knutsford.

W. A. Needham, manager of the retail dry goods department of Z. C. M. I. and wife have returned from their eastern trip.

Horacio Anasagasti of Buenos Ayres, one of Argentina's commissioners to the world's fair, is at the Knutsford. On his way east from Yellowstone park.

W. H. Long, formerly with the Telegram, leaves Salt Lake this week for Porto Rico, where he goes to take a government position as teacher of English and French to the native school teachers.

TEA

Linger longer over it; let it be steaming hot from the earthen pot; and the loveliest woman pour it.

Carl Hardy and R. K. Hardy have returned from a two weeks' outing in the Bear Lake country, their trip extending as far east as Evanston. Mrs. R. K. Hardy accompanied them. The young men consider the country as romantic as any in existence, and report the fishing and hunting as unsurpassed. It is the ideal place for summer camping.

Mr. Thomas J. Longley of the United States immigration service leaves for New York on official business. Mr. Longley will remain in the east about six weeks, spending his vacation at Washington, D. C., where he was stationed for several years in the war department and at his home in Atlanta, Ga., visiting the fair at St. Louis on his return.

Clogged-up

Doctor's Bills

too often result from foul sinks. Red Seal Lye keeps drain-pipes sweet; kills all germs and saves doctor's bills.

Plumber's Bills

for clogged drains, etc., can positively be prevented by an occasional sift into the sinks of Red Seal Lye—the plumber's persistent foe.

RED SEAL LYE

is the most powerful disinfectant you can use. It goes where even chloride of lime can't reach. It routs out everything dangerous and uncleanly and establishes sanitary conditions that give you a feeling of absolute safety. Good for every household use. Sold everywhere.

But be sure you get RED SEAL LYE.
